EXPENSES AND BENEFITS (CONT)

How much you can claim?

You can either claim tax relief on:
£6 a week from 6 April 2020 (for previous tax years the rate is £4 a week) - you will not need to keep evidence of your extra costs the exact amount of extra costs you've incurred above the weekly amount - you'll need evidence such as receipts, bills or contracts.

You'll get tax relief based on the rate at which you pay tax. For example, if you pay the 20% basic rate of tax and claim tax relief on £6 a week you would get £1.20 per week in tax relief (20% of £6).

SUPPORT WITH PAYMENT OF TAXES AND RATES

DEFERRING VAT

VAT due between 20 March and 30 June can be deferred until 31 March 2021.

On 24 September 2020, the Chancellor announced that businesses who deferred VAT due from 20 March to 30 June 2020 will now have the option to pay in smaller payments over a longer period.

Instead of paying the full amount by the end of March 2021, you can make smaller payments up to the end of March 2022, interest free.

You will need to opt-in to the scheme, and for those who do, this means that your VAT liabilities due between 20 March and 30 June 2020 do not need to be paid in full until the end of March 2022.

Those that can pay their deferred VAT can still do so by 31 March 2021.

DEFERRING SELF-ASSESSMENT PAYMENTS ON ACCOUNT

Enhanced Time to Pay for Self-Assessment taxpayers

The government will give the self-employed and other taxpayers more time to pay taxes due in January 2021, building on the Self-Assessment deferral provided in July 2020.

Taxpayers with up to £30,000 of Self-Assessment liabilities due will be able to use HMRC's self-service Time to Pay facility to secure a plan to pay over an additional 12 months.

This means that Self-Assessment liabilities due in July 2020 will not need to be paid in full until January 2022.

Any Self-Assessment taxpayer not able to pay their tax bill on time, including those who cannot use the online service, can continue to use HMRC's Time to Pay Self-Assessment helpline to agree a payment plan.

SUPPORT WITH PAYMENT OF TAXES AND RATES (CONT)

SUPPORT FOR BUSINESS PAYING TAX: TIME TO PAY SERVICE

If you cannot pay your tax bill due to coronavirus you may be able to delay to without penalty. You must apply to HMRC.

SUPPORT FOR NURSERY BUSINESSES THAT PAY BUSINESS RATES

BUSINESS RATES HOLIDAY FOR RETAIL, HOSPITALITY & LEISURE

Businesses in the retail, hospitality and leisure sectors in England will not have to pay business rates for the 2020 to 2021 tax year.

POSTPONED ACCOUNTING

VAT

Ordinarily, from 1 January 2021, goods arriving into the UK from anywhere in the world will be subject to import VAT and the goods will not be released until HMRC are paid.

From 1 January 2021, import VAT can be accounted for on the buyer's VAT return; similar to reverse charge, it sees the import VAT declared in Box 1 and reclaimed (if a fully taxable business) in Box 4, with the net purchase value in Box 7.

This measure means goods are not held at port/customs for the majority of business purchases, and crucially the buyer does not suffer a cashflow impact of having to pay VAT before it receives the goods it has purchased.

Duty

Like VAT, import duty is declared at arrival into the UK and paid before the goods are released; again, the freight agent usually does this and charges a fee.

For the first six months, import duty is still due but HMRC will release the goods without payment so as not to cause backlogs or delays. The taxpayer must then settle this deferred import duty within six months. The taxpayer will also have to file the import documentation at that time too.

This deferred payment of duty only applies to non-controlled goods.

Controlled goods include alcohol, tobacco and other excise goods.

This gives taxpayers some time to either appoint an agent/freight handler (for a fee) or to train employees on the import system (CHIEF/CDS) and acquire the appropriate software to file such declarations.
