

Creating Your Seaside Sign On Account

Access all your favourite Blackpool FC services from our official website to live match streaming, online ticketing and the official club shop all within one account.

Register an account

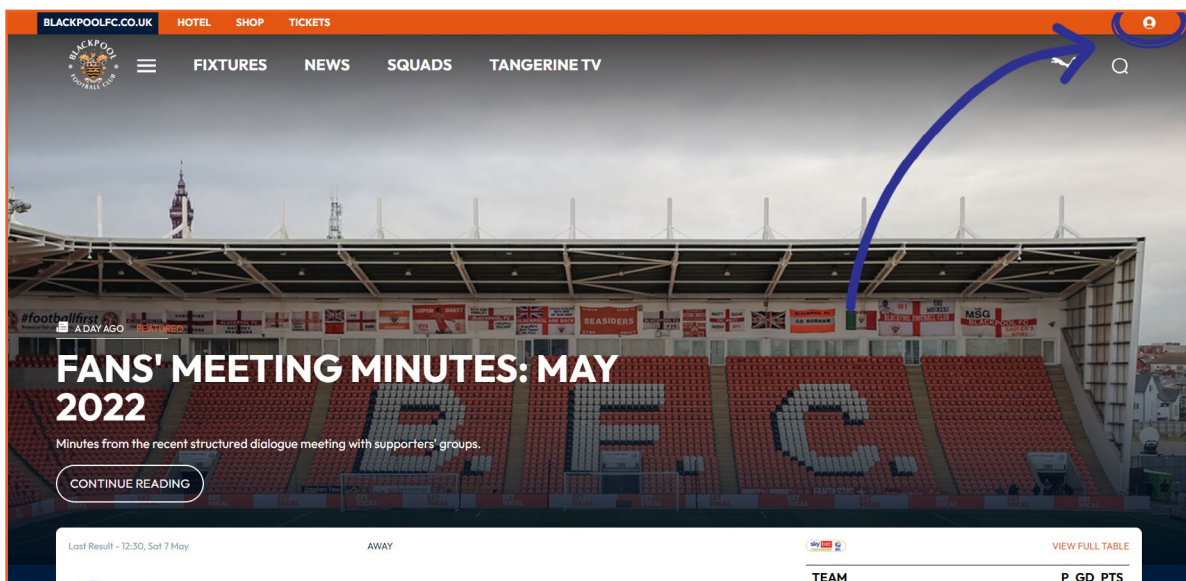

Seasiders Sign On (SSO) will give you access to all your club accounts in one place. **You will need to register a new SSO account** and link your current ticketing account. Tangerine TV streaming accounts and Club Shop accounts will be linked automatically providing you use the same email address.

Important: If you have a Tangerine TV streaming account, please use the same email address in order for your streaming subscriptions to be carried over automatically.

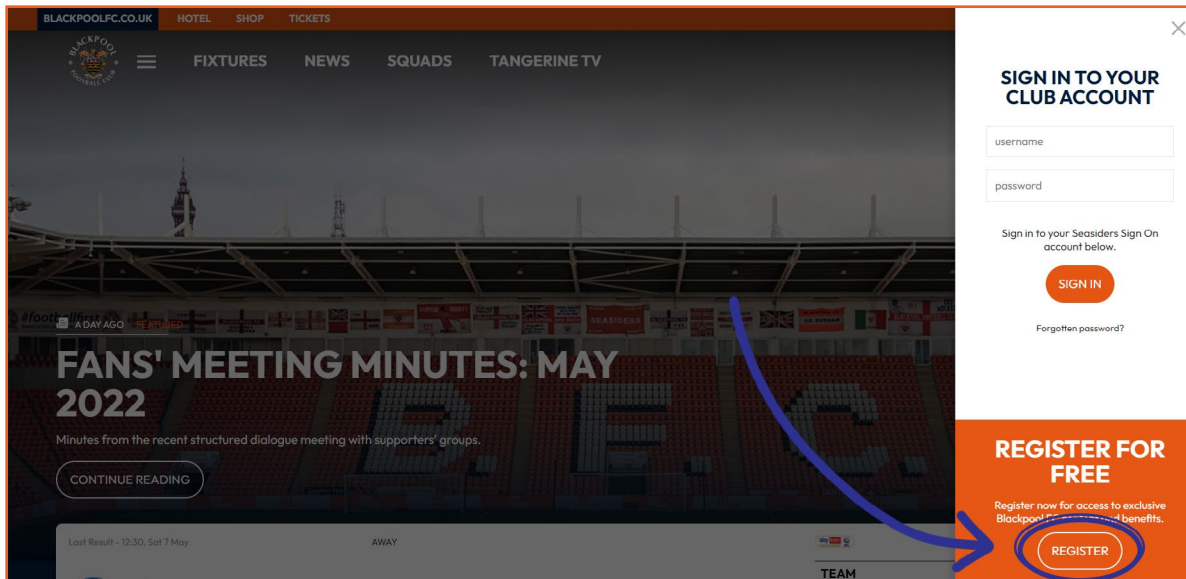

If you are registering an account for someone else, please ensure that you use a unique email address for each person so that you can buy/renew season cards, memberships or match tickets online in future, or watch streaming services separately in different locations.

To register for an SSO account please follow the steps below:

Go to our website www.blackpoolfc.co.uk and click the login icon in the top right-hand side of the screen.

Click the Register button

On the registration page you will need to fill in the requested details. Please ensure you use the same email address attached to your Tangerine TV account if applicable.

When you have completed the registration form you will be sent an email to verify your account. **Do check your junk and spam folders** if this doesn't come through into your inbox.
