Job title: First Team Performance Analyst

Location: Marlow Road, Marlow, SL7 3DQ

Hours: This is a full-time role requiring irregular scheduling including some evenings, weekends and travel.

Reports to: Technical Coach & Head of Performance Analysis

How to apply: Send a CV and covering letter expressing your interest and suitability, to jobs@wwfc.com.

Title your email "First Team Performance Analyst".

Closing Date: 25 August 2025

Who are we?

Wycombe Wanderers FC is a League One Football Club with ambition! We're on an exciting journey to grow the club through development of a new and progressive Academy, alongside investment to support evolution of the 1st team environment, performance infrastructure, and progression to higher performance levels.

What's in the role?

The First Team Performance Analyst supports the First Team Performance Analysts and coaching staff by providing detailed performance insights and data-driven analysis to enhance team preparation, player development, and matchday strategies. Working closely with the technical team, the role involves collecting, organizing, and interpreting performance data, video footage, and tactical trends to inform decision-making at the elite level.

Who are we looking for?

This role requires a proactive individual who can work under pressure in a fast-paced professional football environment, contribute to training, pre- and post-match analysis, and assist in delivering clear and concise performance reports tailored to coaches and players. A passion for football, attention to detail, and a commitment to continuous improvement are essential.

What You'll Do:

Deliver Advanced Data Insights:

Oversee the collection, analysis, and presentation of technical & tactical data to inform coaching decisions, game preparation, and performance reviews.

Opposition Scouting & Match Preparation:

Assist in creating detailed opposition reports using video analysis and data trends to support tactical planning and strategy for upcoming matches.

Set Piece analysis

Examine attacking and defending set pieces through video and data analysis, focusing on both the team's execution and the opposition's tendencies to identify patterns, evaluate effectiveness and guide tactical adjustments.

Training analysis:

Capturing training utilizing a drone.

Collect and visualize data from training to provide insights into player and team development.

Match day Analysis:

utilize live data insights to identify key trends from the opponent to help identify key tactical adjustments.

Post-Match and Development Analysis:

Analyze match data in accordance with the club's playing philosophy, highlighting key strengths and pinpointing areas for improvement at the team, unit, and individual levels to support ongoing development.

Do you have what it takes?

- Minimum of 2 years' experience in professional football, with a strong understanding of the high-performance environment.
- Bachelor's degree in a performance analysis or related field required; Master's degree preferred.
- Coaching qualifications desirable

What You'll Bring:

- Deep technical and tactical understanding of the game, with the ability to translate insights into actionable strategies.
- Proven ability to perform and deliver results in fast-paced, high-pressure environments.
- Exceptional interpersonal and communication skills, with the ability to collaborate effectively with coaches, players, and key stakeholders across the organization.
- Meticulous attention to detail and a commitment to excellence in all aspects of performance analysis.
- Proficiency in industry-standard analysis tools, including but not limited to:
 - Python & R
 - Data visualization tools
 - Hudl Sportscode & Hudl Platform
 - Pistons
 - Telestration software (e.g., Tactic Pro, Coach Paint, Studio)
 - Wyscout
 - Microsoft Office Suite
 - Keynote

What do we offer?

Based on your existing experience, we offer a competitive remuneration package including additional benefits such as medical insurance.

We work to offer full and fair consideration to all employees and applicants regardless of age, disability, gender reassignment, race, religion or belief, sex, sexual orientation, marriage and civil partnership, and pregnancy and maternity.
