gsa website contact free download

GSA Website Contact: Automate Outreach via Website Contact Forms

Overview

GSA Website Contact is a desktop application developed by GSA GmbH (Germany) that enables you to automatically submit user-defined messages to websites via their contact forms. It's designed to help businesses discover and reach out to potential customers effectively. You simply enter a keyword, let the software find relevant sites or import your own list, configure your message, and launch your automated outreach campaign.gsa-online.de

Key Features

1. Intuitive Interface & Quick Setup

Begin outreach with minimal setup: click **NEW**, enter a keyword, and press **START**. The interface is designed to be user-friendly and efficient.gsa-online.de

2. Customizable Message Input

Tailor your outreach using:

- Custom fields (names, addresses, or other variables)

- Random data generation and macro/spin syntax for personalization
  This flexibility helps craft messages that feel unique and personal.gsa-online.de

3. Targeted Outreach

Filter submissions by country, language, or specific websites to focus your campaigns on precisely the audiences you want to reach.gsa-online.de

4. CAPTCHA Handling

By integrating with over 30 CAPTCHA solving services and pairing with GSA Captcha Breaker, the software automates submissions even when CAPTCHA protections are present.gsa-online.de

5. Preview & Manual Control

Review your message and submission before going live, or let the software run fully automatically with built-in throttling and scheduling to manage daily send volume.gsa-online.de

6. Proxy Management & Scraping

Automatically scrape and test free proxies to use with your campaigns—no need to pay for proxy services.gsa-online.de

7. Licensing, Updates & Support

- **Lifetime license**: one-time purchase (no recurring fees).

- **Free updates**: the software is regularly updated with new features.

- **Support**: first-class email and community forum support is available.gsa-online.de

8. Platform Compatibility

Primarily designed for Windows (including Windows 7 through Windows 11), but it works on macOS or Linux via virtualization tools like Parallels or Wine.gsa-online.de

External Overview & Review

Softpedia lists version **5.96** as the latest stable release (as of August 6, 2025), with a file size of about 19.5 MB. Highlights include advanced scraping, filtering, customizable submission designs, and CAPTCHA solving. Softpedia notes limitations in the unregistered version (5-day trial, disabled features, nag screens).Softpedia

How It Works (Insights from Community & Tech Enthusiasts)

According to discussions on technical forums like BlackHatWorld, the software likely uses robust scraping methods to identify contact forms quickly, applies negative filtering to avoid irrelevant forms, and may use automation techniques to populate and submit forms, including CAPTCHA bypass if necessary.BlackHatWorld

Suggested Article Layout

1. **Introduction**
    Present GSA Website Contact and its primary function: automating submissions to website contact forms to aid marketing outreach.

2. **Feature Breakdown**
    Expand on ease of use, customization, targeting, CAPTCHA handling, proxy scraping, and planning/scheduling capabilities.

3. **User Experience & Licensing**
    Detail the trial version limitations and the benefits of a lifetime license, with regular updates and support.

4. **Technical Overview & Community Insights**
    Summarize Softpedia's review and user-tech community discussion regarding how it works behind the scenes.

5. **Download Instructions**

   ○ Official trial/demo from GSA (preferred and safe)

   ○ Unofficial free download link (moneymat.xyz) with clear disclaimers

6. **Best Practices & Legal Considerations**

   ○ Use responsibly and ethically

   ○ Be mindful of spam laws and proxies

   ○ Seek consent for mass messaging and always comply with legal requirements

7. **Conclusion**
   Emphasize its value for efficient, automated outreach while noting the importance of ethical use and official licensing.
