March 26, 1995

The following data was researched from the Registry of Deeds, Companies and Securities records maintained at the Confederation Building, St. John's, Newfoundland during October 1970.

Crown Grant data is broken out by page number, as illustrated in Plantation Book Number 13, covering the period 1746 through 1810. Individual "Room" data is by number, grantee name, method

of aquisition, Grantee residence, grant location, nature of the claim, name and occupier residence, date of entry [approval], and to whom the land was sold, or transfered, and a description of the granted land. The area of the land grant in acres has been added by this writer based on land descriptions given and MUST be considered APPROXIMATE ONLY, for historical use only.

Since 1974 land must be surveyed by a Registered Newfoundland Land Surveyor. Survey work conducted in the area was completed by this writer prior to 1974 as a licensed professional within another jurisdiction.

During 1918, Mr. John Hearn, Land Surveyor, of Brigus, undertook a commission from the Government of Newfoundland, to survey all properties within the area. Maps of this survey are on file at the Crown Land Office, St. John's, Newfoundland. Measurements used at the time were links [0.66 ft], chains [66.0 ft], and yards [3.00 ft] of English measurement [not meteric]. In 1970, this writer, had the opportunity to confer with Mr. Hearn on the technical aspects of his 1918 land survey at length. During 1970-1974 maps were developed of the area based upon from ariel photographs taken by the Government of Canada and overlaid with land grant data for most of the areas listed.

Listed grants cover an area within present day municipalities [from east to west along the head of Conception Bay] of Harbour Main, Avondale, Conception Harbour, Colliers, and Marysvale plus a part Brigus.

During the period 1746-1810 "Fishing Room" clusters were known as sepeate settlements [q.v., villages]. These settlements had no organized town, municipal, or provincial government in most cases. These village areas were known within the present day municipalities as:

- o TOWN OF HARBOUR MAIN  
Chappels Cove, Harbour Main, Gasters, and Southern Arm
- o TOWN OF AVONDALE established 1974  
Gasters, Southern Arm, Salmon Cove [Avondale], and Northern Arm
- o TOWN OF CONCEPTION HARBOUR established 1974  
Northern Arm, Cats Cove [Conception Harbour], Kit Hughes [Kitchuses], Upper Bacon Cove, and Lower Bacon Cove
- o TOWN OF COLLIERS established 1974  
James Cove, Burke's Cove, The Dock, Colliers, and The Gut
- o TOWN OF MARYSVALE established 1974  
Turks Gutt [Marysvale], Georgetown
