MISCELLANEOUS

TEETH.—By Her Majesty's Royal Letters Patent—Newly-invented Application of VULCANIZED GUM-COLOURED INDIA RUBBER in the construction of Artificial Teeth, Gums, and Palates. Mr. W. EGAR, Dentist (Brother and successor to the late John Egar), continues to supply the loss of Teeth by the aid of a new, original, and invaluable invention, consisting in the adaptation, with the most absolute perfection and success, of Vulcanized India Rubber, as a substitute or base for the ordinary Gold or Bone Frame. The extraordinary advantages to be derived by the present system may be briefly noted in a few of their leading features—all sharp edges are avoided, a greatly increased freedom of suction is supplied, and a fit perfected with the most unerring accuracy; while, from the flexibility of the agent employed, the greatest support is given to the adjoining teeth when loose or rendered tender by the absorption of the gums. The acids of the mouth exert no agency on the Vulcanized India Rubber, and as it is a non-conductor, fluids of any temperature may be retained in the mouth, all unpleasantness of smell or taste being at the same time wholly provided against. A Single Artificial Tooth, from 5s.; a Complete Set, with Gold Springs, from £5 5s.; Stopping Decayed Teeth with Enamel Cement, 5s. Mr. W. EGAR, Dentist, 16, SUFFOLK-ST. (one door from Grafton-street), Dublin. At Home from Nine till Six. Mr. W. Egar particularly cautions the Public against any advertisement appearing in his deceased brother's name.

THE following very melancholy and distressing Case is brought before the benevolent, in the earnest hope that they will sympathise with and relieve the afflicted and distressed Widow and her four helpless little Children. On the 2nd of this month, JAMES KIERNAN, shopman in a boot and shoe establishment (in which employment he was for several years), was returning to his house in Lower Clanbrassil-street, at night, when he was attacked by four or five men, under circumstances which, pending the trial, it would be premature to state, and so severely beaten that he died next day of the injuries inflicted. His Widow, who is near her confinement, and her four helpless little ones, are thus plunged into the deepest misery and poverty, without any means of support, except by selling their clothes and furniture. This Appeal is made in the confident hope of collecting a few pounds for their present support, as we have every reason to expect that, if the Widow be spared after her confinement, we shall be enabled to procure her a situation. Three of her little ones attend the Infant School of St. Nicholas Without, in which parish the parents resided since their marriage.—The smallest contributions will be thankfully received and acknowledged by the Rev. H. R. Halahan, 29, Harcourt-street; the Rev. Robert Stone, 34, Peter-street; and by J. O. Bonsall, Esq., 1, Eldon-terrace, South Circular-road.

THE ORPHAN REFUGE, or Charitable Protestant Orphan Union, for the education and support of the destitute Orphans of Mixed Marriages.
The Friends of this Institution, and all who desire that the offspring of Mixed Marriages should not be entirely absorbed in Romanism for want of a shelter in Protestantism, are earnestly requested to aid this Society under the following circumstances:—In last July the following proposition was made to the committee by a friend of the Society:—
"A lady offers to give £100, provided within a year £900 more be raised to form a trust fund for the provision of any number of Orphans exceeding 140, which the Society may maintain; same not to be applied unless the number shall continue to exceed 140."
An appeal was accordingly made to the Protestant public, the result of which has been contributions to the amount of £450 already acknowledged, and the following sums more recently received, viz.:—J. J. Davis, Esq., £25; W. A., £5; the Congregation of St. Jude's, Glasgow, per Rev. G. K. Flindt, £7 5s.; Sir J. and W. Campbell and Co., Glasgow, £10; Messrs. William M'Laren and Son, do., £2; Messrs. Dr. Blakeney, £20; with some collections and the proceeds of the Bazaar lately held in the Rotundo, making in all £650 towards the £900 required.
The Committee earnestly hope that this munificent offer may not be permitted to fall to the ground for lack of £250 before the 1st of August next. There are 180 orphans for whom there was no other Protestant Asylum in the country, at present under the care of the Society, and many others are seeking admission.
Contributions will be thankfully received at the Office in Mr. Curry's, 9, Upper Sackville-street.

ASSOCIATION FOR THE RELIEF OF DISTRESSED PROTESTANTS, 45, MOLESWORTH-ST., DUBLIN. Patron—The EARL OF RODEN.
On SUNDAY next, 28th of July, 1861, a SERMON will be Preached (D.V.) in TRINITY CHURCH, Lower Gardiner-street, by the Rev. MERVYN ARCHDALL, A.B., Assistant Minister, and a Collection made in aid of the above Association.
Divine Service to commence at Twelve o'clock.
The objects of this Association are, to better the condition of the Protestant poor of this city, through the combined exertions of temporal and religious agencies; to prevent those in temporary distress from sinking into poverty; to preserve those in poverty from absolute pauperism; and to rescue the young from the contamination of the workhouse.
Through its instrumentality assistance is provided and relief administered, in a variety of cases where the ordinary sources of benevolence are unavailing, either of private charity or public institutions, and it supplies timely aid to thousands who might otherwise be reduced to helpless indigence. Many, by reason of the casualties and contingencies of life, are unexpectedly thrown into temporary distress. Grants of money are made to the most urgent and deserving cases. Struggling artisans and humble mechanics, by ill-health or other unforeseen circumstances, suffer from decline of business; to such loans are made to meet their present want and enable them to continue business operations; while many are, through this Association, supplied with funds towards travelling expenses to obtain employment elsewhere. The Committee visit and inspect every case presented for relief, and meet every Wednesday evening, at the Association House, Molesworth-street, when all applications inspected during the week are reported on and submitted to the entire Committee.
Since the formation of the Association no less than 29,000 families, consisting of 60,842 individuals, have been relieved to the extent of £7,870. The funds at present placed at the disposal of the Committee are far, indeed, from adequate to meet the numerous pressing applications recommended to them from every Parish and District in the City and Suburbs. The Committee, believing that their object and operations commend themselves to the Clergy and Laity of the City generally, hope for enlarged support from the Protestant public, to enable them to persevere in and extend their labours in behalf of their poorer brethren of the "Household of Faith."
Benefactions, however small, will be thankfully received by Ven. Archdeacon Gregg, D.D., 67, Lower Gardiner-street; Rev. Mervyn Archdall, A.B., 145, Lower Gloucester-street; Messrs. La Touche and Co., Treasurers, Castle-street; or at the Association House, Molesworth street.

GENTLEMEN should be aware that the best Tailors in Dublin are now admitted to be ROGERS, BAKER, AND CO. The effect produced in their Coats is, that a large expansion is imparted to the chest, and a tapered symmetry to the waist. Their sleeves and collars excite admiration, and are pronounced wonderful by members of the trade; but, in the article of Trowsers, R. B. and Co. stand unrivalled. Their Trowsers fit without braces, never get short in the wear, and are the most comfortable Trowsers ever worn, affording the most perfect freedom in walking or riding. In conclusion, they beg to say, that though they manufacture none but the best materials, and all Garments are made on the premises by first-class workmen, their prices will be found more moderate than are usually charged by other respectable houses.

MISCELLANEOUS.

WHY are so many of the Dublin Grocers exhibiting a mendacious struggle to sell Tea unprecedented anywhere else—shifting continually about from one street to another—closing and re-opening shops, with showy fronts and odd titles, and publishing outlandish Advertisements, contradicting each other as to what ought to be the highest Price of the best Black Tea?—some quoting 4s. 4d., others 4s., and more 3s. 8d. per lb.—all of which was unknown until JAMES LYNCH opened his EXCLUSIVE TEA Establishment at 70, SOUTH GREAT GEORGE'S-STREET.
Is it possible that the value he gives in Tea, and his remarkable success in the Trade, can have the extraordinary effect of driving so many apparently respectable Dealers to adopt such subterfuges to oppose him?
