

Researching Your Family History?

RESOURCES

Researching Your Family History?

Useful Links

The Diocesan Office, The Bishop's Office and The Communications Office are unable to provide any information about Family History.

Some of the parish records are held by the Representative Church Body (RCB) Library in Dublin, and some are held by individual parishes. The RCB Library can provide information about these.

You may contact the RCB Library [HERE](#)

Contact information for individual parishes is [HERE](#)
