19<sup>th</sup> March 2019

Dear Parents and Carers,

## Year 5 Science Lessons

As part of our science unit on 'the Human Life Cycle', we will be delivering a range of lessons looking at changes from prenatal to old age, including childhood, adolescence and adulthood. As part of this unit, a lesson will be delivered based on puberty. It is very important that the children have a good understanding of this as they are fast approaching adolescence and it is part of the coverage of the national curriculum.

If you have any questions about this, please make an appointment to speak with us.

Thank you for your continued support.

Mrs Griffiths  
Class Teacher

Miss Ward  
Class Teacher
