

Star Pupils

Congratulations to our Star Pupils this week! All chosen by their Class teachers:

Class 1

Esther Cooper for being FABULOUS in everything she does!
Noah Ineson for fantastic contributions to class discussions.

Class 2

Patrick French - for great confidence when speaking to adults and peers.
Willow Collett-Bradley - for great confidence and independence in Literacy and Maths.

Class 3

Romano Richter-Shaw and Pippa Lewis, for earning their pen licenses this week.
Zoe Pellant for her Religious art work and description of the Holy Trinity displayed at Jesus' baptism.

Class 4

All of Class 4 - for working exceptionally hard in this week's assessments.

Class News

Class 1

This week Class One have been learning all about time. We've played 'What time is it Mr Wolf?', have been reading clock faces and sequencing our school day. We have been learning about direction, using language, forward, backwards, left and right and used the Bee Bots to help us. We have done lots of phonics practice and have all done some great reading and writing of words and captions. We have tried so hard to remember that we need to leave a finger space in between our words. We have learnt all about Lent and the Easter story and we can all answer questions about it. We enjoyed tasting hot cross buns on Wednesday!

Trip reminder - please meet us at St Leonards farm, Esholt for 9.45am and collect your child at 2.30pm

As we approach our final term of the year, we ask that after the Easter holidays, all parents/carers drop their children off at the gate at the bottom of Class One's slope to leave them to line up independently outside the classroom. We would like to encourage this independence in preparation for your children for September. Thank You! *Mrs J. Metcalfe*

Class 2

We have been continuing our Topic of 'How do we travel?' this week by seeing who could make an aeroplane that flew the furthest. Matilda was the overall winner with a fantastic, speedy design. We have also worked in groups to see if we could make a boat that floats! Some boats were more successful than others. It was a real challenge!! In Computing, we have been using a spreadsheet program on Purple Mash to make a zoo with different areas, lots of animals and lockable cages. We have had lots of fun doing this. *Mrs S. Oliver*

Class 3

This week Class 3 have welcomed Miss Whiteley to our class. Miss Whiteley is a student teacher from Leeds Trinity University and will be on placement with us until the end of May. We have looked at time in Maths. We have written postcards from Michael from our book 'Kensuke's Kingdom' and we have identified a wide variety of animals that inhabit the rainforest in our Humanities sessions. In RE we looked at the baptism of Jesus and discussed the similarities and differences between two pieces of religious art that depict this event, before creating our own image with the inclusion of the Holy Trinity displayed in different ways. *Mr P. McGuire*

Class 4

This week, Class 4 have been re-writing the story of 'We're Going on a Bear Hunt' by Michael Rosen with the aim of making their version appeal to an older audience. We then began planning our own explorers' handbooks for going on a bear hunt, thinking carefully about our use of imperative verbs. In Maths, we have been recapping on our division skills and in Science we have been using forcemeters to help us identify how friction acts between moving surfaces. We have also spent some time this week completing assessments in Reading and Maths, during which everybody worked extremely hard and tried their best. Well done to you all! *Mr T. Roche*

School Attendance and House Points

Our school Attendance target is 97%. Well done **Class 2** for achieving the highest % attendance this week!

Classes	%
Class 1	96.52%
Class 2	99.38%
Class 3	96.21%
Class 4	96.55%

Congratulations to the winning House for receiving the largest total of house points this week!

House	Total
Eagles	105
Falcons	81
Vultures	116
Condors	88

FRIENDS OF HAWKSWORTH

Tickets selling fast!

£10 a ticket!!

A class of fizz and nibbles on arrival!!!

Venue: Everybody's in Guiseley

Please return your slip by Monday 25th March 2019

Welcome

I would like to take this opportunity to welcome Miss E. Whiteley to Hawksworth. She is a second year teaching student at Leeds Trinity University and will be working in Class 3 alongside Mr McGuire during the Spring 2 and Summer 1 term. This week she has been getting to know the children in Class 3 but has also made visits to other classes, today visiting Class 2. We wish her all the best for her teaching placement in Class 3.

Kestrels Before and After School Club News

Theme: Spring

Q. What do you call a girl with a frog on her head?
A. Lily

After all the rain last week it's been lovely to make some exciting crafts for Spring. The children have enjoyed making some impressive sunflowers using brown and yellow tissue paper and card. Also the younger children created flower pictures using card and cupcake liners. We have had some smashing hot air balloons using various materials and lots of frogs with movable arms, legs and tongues. To finish off the Spring theme there has been some very cute birds in a nest and some pretty butterflies. *Mrs J. Tempest*

.....and more from Kestrels

Booking forms are sent out with a return by date which is the latest date we need it by. This procedure allows Kestrels to be able to plan ahead for staff cover and the purchase of food (Please be reminded a £10 fine will be issued for late returns in line with Kestrels terms and conditions). *Mrs J. Tempest*

School Dinners

Today our kitchen staff received a gold standard award which recognised not only their hard work but their high level standards of food preparation and of course their culinary skills!

We are very lucky to have a school chef and talented kitchen staff who put so much effort into their roles; taking time to decorate the star table and make animal sculptures from fruit or vegetables to enhance the presentation of the food. All the food is prepared on site and is freshly made on the day.

Well done Mrs Morrith and her team!!

Mr and Mrs Spud always say hello to the children.

Drop ins

During the week I always pop into classes to find out what the children have been up to and to monitor the teaching. This week I visited Class 2 and found a very engaged and enthusiastic group of children. They had been working on their Topic of 'How do we travel?' and were testing their aeroplane designs and others worked together to see if they could make a boat that floated!

Have a brilliant weekend!

Mr Dale Norris BA (Hons) QTS
