

Speed of sound

How long before I get in?
Before it starts, before I begin?
How long before you decide?
Before I know what it feels like?

Where to, where do I go?
If you never try, then you'll never know
How long do I have to climb
Up on the side of this mountain of mine?

(Mrs Hirst solo)

Look up, I look up at night
Planets are moving at the speed of light
Climb up, up in the trees, Ev-ry chance that you get
Is a chance you seize

(year 6 girls UP) How long am I gonna stand
With my head stuck under the sand?
I'll start before I can stop
Be-fore I see things the right way up

All that noise, and all that sound (Pause)

All those places I have found.....
And birds go flying at the speed of sound
To show you how it all began

Birds came flying from the underground
If you could see it then you'd understand

(Mrs Hirst solo)

Ideas that you'll never find
All the inventors could never design
The buildings that you put up
Japan and China all lit up

(Year 6 UP) The sign that I couldn't read
Or a light that I couldn't see
Some things you have to believe
But others are puzzles, puzzling me

All that noise, and all that sound (PAUSE)
All those places I have found....
And birds go flying at the speed of sound
To show you how it all began
Birds came flying from the underground
If you could see it then you'd understand
Ah when you see it then you'll understand
