

Flow

From humble beginnings the river flows down the mountain and in to the sea. Pull on your wellies and wade right in ... how deep does it go and how fast does it travel? What soil types can you find by the riverside? Which animals make their homes there? Let's get down to the riverbank and find out! Now hop on an imaginary boat and travel some of the world's most majestic rivers – the Ganges, the Thames, the Amazon, the Nile – and keep a journal as you follow their course. Investigate the mystery pollution. Who is to blame? Let's meander through the world of rivers.
