

WOWS (With Others We Succeed)

The WOWS Learning Community is a group of 18 schools which support each other to be as successful as possible.

Today's WOWS Music Festival is just one of the many events that make WOWS such a success as we concentrate not only on academic achievement, but also a love of the arts. Each school has worked on these songs independently and are putting it all together tonight for the first time.

A huge **thank you** must go to everyone who has contributed to the WOWS Music Festival in any way (you know who you are).

We hope you enjoy the show and look forward to seeing you at future WOWS events.
