Friday Newsletter – 29th March 2019

Headteacher's Weekly Message

Dear Parents & Carers,

Thank you to everyone for trying to get the mountain of lost property down to more manageable levels. I think many items don't get reunited with their owners because the names wash out but hopefully you were able to find some of your things.

We have been having pupil progress meetings this week with individual teachers after the assessment week last week. We are really pleased with the progress that children are making overall at the moment. Everyone is working very hard especially on the spellings. This is still proving to be quite an issue for us though. The standard of spelling accuracy that children are required to have now is really high and very few of our children have been able to win the sapphire spelling award. We will keep plugging away at this area of the curriculum to try and improve it.

Interim reports will be coming home this Friday. It is a useful update for this point in the year to look at the progress your child is making and any areas for development. If you have any questions about the reports please do talk to your child's teacher.

We have appointed a new TA for Y4, Mrs Behal. We are looking forward to welcoming her to the staff after the two week holiday.

I hope you manage to get a break with your family over the next two weeks and I look forward to seeing you back in school on April 15th for the start of the summer term.

Why is Attendance/ Punctuality so important

Number of minutes late every school day and days missed each year as a result

Our attendance figure for Friday 22nd March – Thursday 28th March was 99.7%

Attendance Champions for the week are Y4EW with 99.7%

Well done and thank you to all our attending children and their parents.

Attendance is really important to help ensure your child has the best education possible. Please help support your child by avoiding taking them out of school for appointments or holidays.

KIDS Vs PARENTS – HEALTHY MINDS SURVEY

**A big WELL DONE to over 200 of our children who have completed the survey.
This will be a massive help to the Healthy Minds project!**

Parents..... only 40! We think you can do better than this. The more survey's we receive back from parents, students and staff the more efficient we can be with implementing their results. Please follow the link below to go through the short questionnaire.

Thankyou
