

### This Week

Year 1 all performed their animal poems beautifully! Each table had a time slot and we practiced how to speak loud and clearly as well as be a good audience. We have thoroughly enjoyed watching them all!

In maths we have been counting in 2s, 5s and 10s and describing the patterns that emerge. I wonder if your child can explain them.

|    |    |    |    |     |
|----|----|----|----|-----|
| 2  | 4  | 6  | 8  | 10  |
| 12 | 14 | 16 | 18 | 20  |
| 22 | 24 | 26 | 28 | 30  |
| 5  | 10 | 15 | 20 | 25  |
| 30 | 35 | 40 | 45 | 50  |
| 55 | 60 | 65 | 70 | 75  |
| 10 | 20 | 30 | 40 | 50  |
| 60 | 70 | 80 | 90 | 100 |

Humans is the focus in Science (which linked nicely to PSHE and keeping ourselves safe when crossing roads). The children have named different parts of the body and explained their uses. We found out hair on your head is to help keep you warm which raised a good question...how do bald people keep warm?

### FYI

- Sports Morning at St Helens Tuesday 2nd April
- Woburn Trip-Wednesday 3rd April
- Spring assembly 9:05am Friday-all welcome
- Term ends Friday 5th 1:30pm

### More and Less

Children are still describing numbers as bigger and smaller. We would prefer them to use the language of more and less so have been correcting them as they speak. This is something you can do at home.

### Mrs Dunk's message

Year 1 have a lot going on next week! I have sent PE kits home today so you have them for Tuesday morning. Please make sure your child is wearing it upon arrival and has a water bottle with them. In the event of rain the morning will still go ahead so please make sure your child has a waterproof coat.

Wednesday we are off to Woburn. All children need to bring is a packed lunch in a carrier bag so it can be thrown away. We will keep you updated about our day via twitter so make sure you take a look.

I can't believe the last week of this term is approaching us...its going to be a fun one!
