Being a Local Authority Maintained School, we have to follow the Local Authority Policy and Procedures including those for attendance irrespective if we know the reasons for absence or not. In order to try and make sure Parents are informed of the procedures we have to follow, the school sent out the attendance flow chart at the start of this academic year with the September newsletter. When a child's attendance triggers any action on the flow chart, the school has to follow the procedures that the Local Authority has set. Therefore, we have to send the texts, letters and hold meetings and if needed start action plans or go on to make referrals to the Education Welfare Office (as written on the stages on the flow chart).

As a school we are held accountable by the Local Authority and Department of Education and Ofsted for the school's attendance figures and what we are doing about any attendance below 95% and they will check whether we are following the agreed procedures and taking the appropriate action if needed as set for schools by our Local Authority.

For your information, please find below the current % attendance for the whole school and each year group (target 96.6%).

SAFETY INFORMATION

We are very concerned that some children, after school when they are playing out with their friends, are riding their bikes on the pavement or on the road in the village and doing wheelies and trying to see how far they can do a wheelie before putting their front wheel back down on the road or the pavement.

Some younger children are trying to copy what they are seeing older children from the Secondary School are doing and we are concerned that someone could end up seriously hurt or worse.

Staff have spoken to children about this when they have seen it happening outside of the school and have also alerted relevant Parents about it. However, some children are still continuing to do it despite the warnings about their safety.

Please can everyone check that their child is taking every possible care when playing out and being safe at all times.

We care a great deal about everyone in our school and local community and we want everyone to be safe and well. Thank-you.
