## **Vote for the Ards Peninsula First Responders**

The Ards Peninsula First Responders are a group of volunteers based on the Ards Peninsula who work alongside the Northern Ireland Ambulance Service. When someone dials 999 and asks for an ambulance in BT22 for a patient in cardiac arrest, chest pains, suspected stroke, respiratory distress or diabetic problems we will be dispatched at the same time as the ambulance. Due to their location the team are usually with the patient in a few minutes, which is often significantly quicker than an ambulance can be there. They are trained and equipped to provide care to the patient until the professionals arrive. Particularly in the case of cardiac arrest, time is critical and if someone can be on the scene actively working with a patient their chance of a good outcome increases significantly. The team are entirely self-funded and rely on fundraising and donations, and as you can probably imagine it is a very expensive charity to run due to medical equipment and supplies required. We are delighted to announce that we have been shortlisted to the last five for this year's National Lottery Peoples Project. This gives us the chance to win £50k which would allow us to get 10 new responders set up and also secure our service in the community for some time. The voting for the competition opened on Monday and runs for two weeks. During that time the team need to get as many people to vote for them as possible! If you do vote, it the vote only counts if it is verified - you will receive an email or a text (depending on which info you have provided when voting) and you have to click a link to verify you are a real person. Use the link below to vote – this is also available on the school website! <https://www.thepeoplesprojects.org.uk/projects/view/hand-on-heart>
