

Homework Project – Summer 1

These monsters have crash landed at West Acton and need to find their way back to their home planet.
Are you up for the challenge?

We don't know much about them, but it is up to you to help locate where these monsters live.

Your task is to choose one monster and create a shoebox diorama which represents a home/planet you think it would live in.

Before you start creating, write a factfile of your chosen monster. You can include:

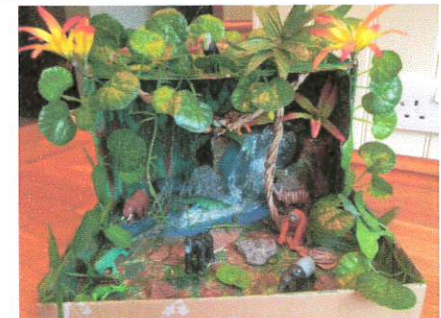

- Name
- Personality (This could reflect the type of habitat it lives in!)
- Habitat
- What does it eat?
- Interesting facts

What is a shoebox diorama?

A diorama is a 3D model representing an environment using 3D figures in an empty shoebox. You can paint the inside of the box and use everyday objects such as paper, toilet rolls, straws, small jars, or buttons to represent trees, rocks, and other landscape forms. Try to be crafty and creative when creating your monster's planet!

Please make sure your 'Monster diorama' is clearly labelled with your name, year group and class. Entries must be handed in to your class teacher by Monday 20th May.

Extension activity: Why not write a story about your chosen monster?

This project can be done individually over the Easter Holidays.

What does PSHE mean?

What type of skills do we learn during PSHE?

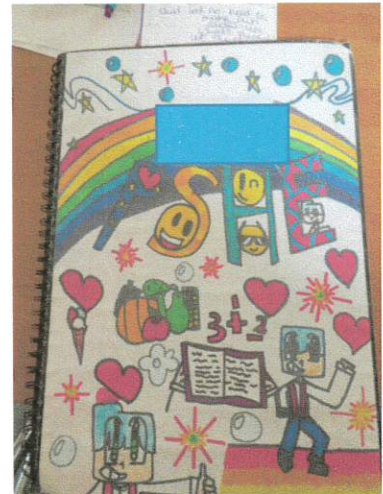

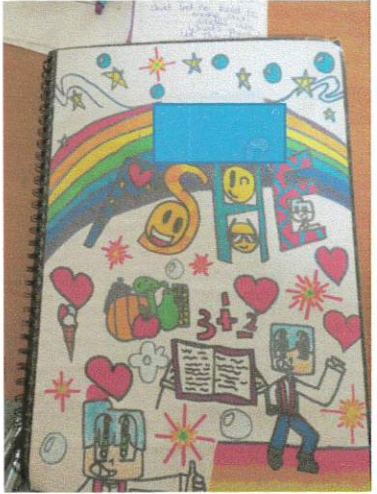

Each class will be receiving a scrap book to collect the children's PSHE work.

We would like children to design a front cover for their classes scrap book!

Each entry will be looked at and a winner will be chosen from the following criteria:

- Does the front cover represent PSHE? – Personal, Social, health, economics
- Does the front cover include our school values and heroes?
- Does the front cover include our British values?
- It is fun, bright and colourful!

Entries should be handed to the class teacher when we return from the Easter holidays

Think about what pictures will represent PSHE!

PSHE

What does PSHE stand for?

- Personal
- Social
- Health
- Economic

Is PSHE important you? Why?
