Subject: School Car Park

Dear Parents and Carers,

We have received several complaints about the school car park and the way some parents park without any regard to anyone else. We appreciate that it gets very busy at school drop off and collection but the children's safety is at all times the most important factor. Therefore please **DO NOT** park in the Yellow marked drive through lane at any time as this could have serious safety implications for children who are in the designated walking lane.

We thank you for your co-operation, support and understanding in this matter.

Kind regards

Office Team
