

Oak Lodge EYFS Weekly News

Spring term Week ending 05.4.19

Dear Parents/Carers

Wow! It's the end of a busy term! We have had an exciting week! The children really enjoyed cooking their own gingerbread man and let's hope that he doesn't run away! When we return, the children will be learning all about mini-beasts and then about 'Dinosaurs', which will be for our new topic. Have a relaxing holiday and we hope that the Easter Bunny visits you all! Keep up the hard work!

Many Thanks,

The Reception Team

Prime Areas

PSED- the children have been learning about the gingerbread man and how he trusted the fox. We have linked this to stranger danger and who we trust.

Physical- In PE the children have really enjoyed practising throwing and catching the ball.

Communication and Language- The children have been re-telling stories in order and are beginning to use story language such as 'Once upon a time'.

Specific Areas

Literacy- This week the children have been reading The Gingerbread Man.

Phonics- The children have been revising all phase 2 and 3 sounds.

Maths- The children have been learning about halving. They have halved numbers, recognised how to count in twos and understood what an even number is.

Understanding the World- The children have been learning about ingredients needed to make their own gingerbread man. They weighed and measured all ingredients and talked about the texture of the mixture and how it smells. Yummy!!!

This Week's Challenge

This week's challenge is to keep a diary of one fun day in the Easter holidays. The children can do this by using photographs and labels, a written account of a day, drawing pictures and labelling. Have a fun time!

Have fun!
