

This week in Reception: wk beg 8.4.19

This week's focus: Easter

This week will begin with the children taking part in our whole school Worship Day. The rest of their learning will be based on The Easter Story.

Reading/Phonics/Writing Learning:

- We will be sharing the story of Easter and learning about the special events Christians remember at Easter.
- We will continue our learning in RWI with a new ditty book. We are currently revisiting set 1 sounds (focussing on sh, th, ch, qu, ng and nk) and reading words that contain four phonemes.
- We will be writing simple sentences about Easter and Easter celebrations.

Maths Learning:

- We will be demonstrating our number knowledge by answering questions about 1 more/1 less to 20 and addition and subtraction.
- We'll be practising recognising numerals 0-20.

Independent Learning:

- Following instructions to make a moving egg and chick.
- Solving Easter themed problems using Numicon shapes.
- Retelling The Easter Story using character cut outs.
- Matching the caption and picture hidden in the plastic eggs.

Additional Information

- We are walking to the church on Tuesday 9th April, we would really like at least one more helper to assist with ensuring the children travel to the church safely. If you're able to help please let us know asap!

Many thanks and have a lovely week!
