## New absence reporting system: Studybugs

*Report absences securely and help improve children's health*

3<sup>rd</sup> April 2019

Dear Parents and Carers,

We're pleased to announce that St Peter's is introducing a new, more efficient and secure system for reporting your child's absence due to illness, called Studybugs.

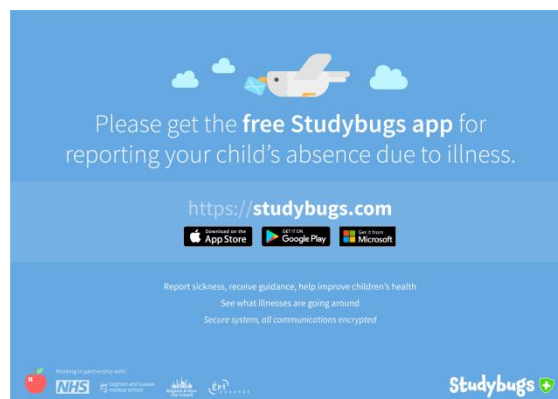

If you haven't already, please get the free Studybugs app, or register on the Studybugs website, and use it to tell us whenever your child's ill and unable to attend school.

[Get the app or register now](https://studybugs.com/about/parents) (<https://studybugs.com/about/parents>)

This new system will integrate with our school systems and help us to streamline our processes. We also hope to introduce other features via this app so we encourage all our parents to download it and start using the system to report any illness. Thank you!

Kind regards,

Michele Lawrie

### Top 3 reasons to use Studybugs

1. It's integrated with our systems so we know right away if your child is unaccounted for.
2. It's quick and easy to register and use and automatically reminds you to keep us posted.
3. You'll be helping the NHS and other public health organisations [improve children's health](https://studybugs.com/about/schools). (<https://studybugs.com/about/schools>)
