

This week in Reception:

Week beginning 8th April

The trip to Manchester airport is on Wednesday 15th May. The deadline for payment for this trip is Monday 8th April. Please pay using the school's Gateway app.

Thank you

We are still reading 'Emily Brown and the Thing'. We have been into the Nature area and used our senses to describe the setting which we then compared to the setting in the story. We are also writing recipes and making potions.
Home: Can you make a magic potion and write a list of ingredients and how you made it?

Notice

Thank you to all the parent's who attended the Easter Craft morning it was a great success. The children thoroughly enjoyed making the crafts with you and I'm sure you will agree the performance of 'I'm Going on an Egg Hunt' was fabulous!!!

In Maths we will be starting to learn about time. This will include sequencing the day and introducing the children to o'clock..

At Home: Can your child keep a diary of what they do during the weekend. E.g. In the morning...In the afternoon...In the evening and draw/write what they have done?

Just a reminder: Please ensure that your child's jumper and PE kit is clearly marked with your child's name. As you will understand it is difficult to identify whose jumper is whose as they all look the same. Any jumpers with no name in at the end of each day will be put into the lost property which is located in the key stage 2 entrance.

Thank you

Thank you
