Rosetta Primary school and Datactics volunteers are through to the final round of Business in the Community competition (Education sector). Matt Flenley (Datactics) and I were interviewed on Wednesday about our partnership which has involved reading, language development, ICT advice and assistance on developing our school vision and motto.

I have been advised of construction work in Knockbreda Park Mews, if you use this pedestrian entrance at the back of school, please be extra cautious as there is more traffic on this private road due to building work.

Parking continues to cause problems. Please remember it is ILLEGAL to park on double yellow lines, or the zigzag lines at the school gates. Both the PSNI and traffic wardens will be patrolling the area, Parking which causes an obstruction puts all our children at risk. Please also park showing courtesy to the residents of this area.
