

Jack Butcher - Parent Governor

I have one daughter in Y3 and another in Y1. When my children started at Marlborough, I became as involved as possible in school life, going on trips and coming in to hear children read.

Since 2017, I have been a very active member of the PTA, undertaking a variety of roles from Vice Chair to quiz master, always working hard to ensure the success of every Event.

My background is in IT and I currently work flexibly in digital advertising leaving plenty of time to continue to help out at school. I still manage to continue to pursue my hobby as a teacher and competitor in historical fencing. I relish the challenges involved in being a school governor and am committed to helping to ensure that the school continues to offer the best education for all the pupils.
