

School Council Meeting Minutes 27th March 2019

Share with your class your experience at the Civic Centre on Friday

Here are some of the things we shared about our trip to the Environment and transport committee.

More trees are to be planted for any trees that are cut down.

Trucks used by the council use the most environmentally friendly fuel at the moment; they are looking at electric vehicles.

We found out that the people who vandalised the park have been caught and punished.

The council will reduce single use plastic by 2020.

Miss Walsh told the council about houses that can be made completely by just using recycled materials.

Soon 3D printers will be able to go to the moon and build houses there.

We collected our certificates and goodies that we received from the council.

We also completed our evaluations. 11/12 of us thought the trip was good, with 1 saying it was ok. Our favourite part was meeting the mayor.

Come up with your top 6 values (behaviours/how we act) we should have in school

Here are our initial ideas. We started to narrow down this list by looking at the ideas every class had. These are in red. We will carry on this discussion at our next meeting.

Care for others

Be kind

Play nicely

Share our toys

Look after equipment

Honesty

Treat everyone the same

Speak to people with
respect

Make someone's day

Respect property,
teachers, children

Good listening

No bullying

Helpful

Loyal

Intelligent

Supportive

Behave

Be sensible

Be responsible

How should we celebrate them? (make sure everyone knows and remembers them)

Make a poster

Stickers with the values on

Trophy

Bear

Certificates

Posters

I'm impressed

Medals

Notes from class teacher

High fives

Song

Sentence for each word

Star chart

Assembly

Pictures

Extra play

Prizes from the box

Slogan

Rhyme
