5th April

Dear Parents,

We cannot believe that it is the end of term already! We have had such a lovely term with the children and it has been a pleasure to see them grow, develop and learn so much.

The children have had a lovely week, especially watching the theatre performance of The Wizard of Oz on Monday.

This week we have been finding out how the children have progressed in Maths and Phonics since the beginning of term. We are amazed at the progress they have made - they have worked so hard! In your child's bookbag you will find a Maths and/or Phonics leaflet which highlights the numbers, sounds and words that your child is not yet secure with. Any support you can give at home with helping your child to learn these would be most beneficial for them.

Also enclosed this week to complete at home is the

handwriting sheet for the one-armed robot letter 'h'.

Next term, our activities will be based around 'Superheroes' for the first half and 'The Seaside' for the second half. We have lots of exciting and engaging activities planned.

In Maths during the first week back, we will be introducing the children to 'estimating'. It would be great if you could have a go at this at home or when out and about e.g. estimate how many forks in the drawer, estimate how many grapes in the bowl etc. and then count to check.

Happy Easter to you all, we hope you have a lovely holiday and the sun shines!

Thank you once again for all your support.
