Welcome back!

I hope you have all had a wonderful Easter break and are looking forward to the term ahead.

Our new topic is 'Oh I do like to be beside the seaside!' The children will be learning about beach holidays now and in the past as well writing their own seaside poems. In maths, they will begin by counting in 10s and making arrays to multiply. As for phonics, the children have learnt all sounds in phase 3 and 5 so we will be consolidating and applying these in words and sentences. PE this term will be every Thursday and Friday.

Home learning ideas for this term will be sent out this week accompanied by the phonics mats and tricky word mats that we use at school to aid any writing children are doing at home. If children would like to bring in their homework (on paper or a picture), I am keen to reward these with house points and stickers!

The sharing timetable will be outside the classroom as it was last term so feel free to come and check the dates for your child. Anything seaside related would be fantastic.

Please come and see me after school if you have any queries.

Have a brilliant start to the term,

Mrs Callard
