

# Year 4 homework ideas - Summer A

Please complete 4 out of the 10 activities (at least one from each subject). Please hand any homework in on Wednesday.

Our class book is *Spy Master* by Jan Burchett and Sara Vogler

## English

- Imagine that you are a King or a Queen for the day. Write a diary entry about all of the important duties and decisions you have undertaken- were there any unexpected events that happened?
- Read about an English King or Queen and write a narrative poem about them. Remember to include features such as: alliteration, similes and metaphors.
- Create a wanted poster for a King or Queen. You will need to consider what attributes and characteristics are needed to carry out such an important role.

## Maths

- Can you fill in the grid so that the sum of every row and column totals 65?
- The answer to my question is 40. What could the question be? Think of at least 8 different possibilities and use a range of operations in your answer.
- This is the start of a triangular number sequence: 1, 3, 6, 10, 15...Can you find the next 7 numbers in the sequence? Draw a diagram or a picture of the rest of the sequence and explain what is happening.

The sum is 65.

11	10			17
18	12	6		24
25		13	7	
	21		14	
	3		16	

## Other

- Design your own unique 1<sup>st</sup> class stamp. Take an A4 size piece of paper and draw your favourite king or queen. Think about how you will make it as eye-catching as possible.
- Research one of the inventions that were designed and created during the reign of Queen Victoria. Present your findings as either a fact file or a poster with pictures and diagrams.
- Make a crown fit for a King or a Queen! You may wish to research popular designs before you get started.
- Create a ten question multiple-choice quiz for someone else in your class to complete based on states of matter (solids, liquids and gases.)
