

Term 5

Week 1

Class 2 – Weekly Update

What have we been learning about?

I hope you all had a lovely break. This week we had a lovely walk up to the Suspension Bridge and Observatory and then wrote some great recounts in English. Thank you to those who helped. In Maths we have been recapping how to add and subtract and learning how many minutes are in an hour. We have then been using this knowledge to work out how many minutes there are in two or three hours. Please practice counting round a clock in fives at home and telling the time to five minutes.

How could you help us with our learning at home?

Please continue to read with your children at home. This should include hearing them read aloud to build on their expressive reading skills as well as discussing what they have read to encourage comprehension.

Please see the curriculum link letter for more ways to support your child at home.

Dates coming up/Things to remember:

PE will be on a Monday and Wednesday. Please ensure your child has the correct kit with them for the new term.

Homework

You can choose which maths homework you do this week or try both! One involves looking for objects around your house that resemble 3D shapes and identifying how many flat or curved surfaces they have or test a grownup to see if they can figure out which prism you're describing!

Spelling: The new spelling lists for this term are on the Class 2 webpage. The stressed /er/ spelt with 'or' after w and the sound /or/ spelt 'ar' after w.
word, work, worm, world, worth, worst, war, warm, towards.

Contact:

Don't forget that we are always available should you have any questions or concerns. You can contact us through the email below. Alternatively, you can send in a note via your child to pass on.
