

Year 1 Homework Summer Term 1- Into the Forest

This half term we would like you to choose 3 of the following options for your homework. You can upload photos of the completed homework on to 'freeflow' or bring it in to school. Your child must have completed their 3 choices before Wednesday 22nd May and we must have seen them. Thank you and enjoy!

Measure and order the lengths of different natural objects that you can find, such as, twigs, leaves, flowers.

Create your own model of whatever you would like using recyclable materials from your home

Visit a forest or woodland area close to you and have fun exploring it! You could even build your own den or mini beast hotel. Don't forget to send us lots of photos!

Grow your own vegetables or plants and record with photographs or writing about how it changes and grows.

Read one of your favourite stories in your garden or in a park, forest or woodland area.

Try something new outdoors that you've never done before with a grown up. It might be; have a BBQ, go to the beach, climb trees (make sure you are safe), visit a lighthouse or go rock pooling.
