

## Summer Term 2019

Weeks 3 and 4  
29.4.19- 17.5.19

School is closed Monday 6<sup>th</sup> May 2019.

Due to next week's Bank holiday we will not have PE next week.

Please remember on Monday's we would like you to send you child in their PE kits as normal but also send in their uniform for them to change into after our PE session. Please ensure that all clothing is named and the children have a suitable bag to put their PE kits in when they have changed. As we are sure you can imagine 30 PE kits can look the same and it will be hard to reunite missing kits with the children if the clothing isn't labelled.

In Reception we are learning about Jack and the Beanstalk. We are writing our own versions of the story, adding and subtracting with beans, retelling the story, planting our own beanstalks and looking at how beans grow.

Please remember that you can add money for the weekly contribution via Parent Pay. Your support does really help us to add to the experiences that the children have. Our latest money has helped us to buy the resources needed for the children to plant their own beanstalks!

Maths Challenge- Can you try and add three groups of objects together and record that as a number sentence?  $1+2+3= 6$  Please add this to Tapestry.

Thank you for your support,

The Reception Team.
