Attachment

Emma (PSHE lead) and Chris (Designated teacher for looked after children) are currently doing a year long course on Attachment.

The aim is to create an "attachment aware school"

The course is focussing on supporting fostered and troubled pupils to settle and learn. They are working one to one with pupils in school using a range of tools to encourage pupils who may have experienced trauma or loss to express their worries/ concerns.

They will enable them to learn strategies to help them cope with some of the challenges they face.

In addition training will take place with staff to raise awareness.
