

Term 5

Week 2

## Class 2 – Weekly Update

### *What have we been learning about?*

The children have written some excellent persuasive letters from the perspective of a polar bear to humans about how to help the world, inspired by the book 'Leaf'. We have also created poems inspired by the book. In maths, we have continued to consolidate our addition, subtraction and money knowledge and apply it to problems. Switch off Thursday provided great insight into the electricity we use every day and some alternatives we can use to save energy.

### *How could you help us with our learning at home?*

Please continue to read with your children at home. This should include hearing them read aloud to build on their expressive reading skills as well as discussing what they have read to encourage comprehension.

Please see the curriculum link letter for more ways to support your child at home.

### *Dates coming up/Things to remember:*

PE will be on a Monday and Wednesday. Please ensure your child has the correct kit with them for the new term.

### *Homework*

Following Switch off Thursday I would like you to discuss at home how you save electricity or what you could do to save more electricity. Please create a poster (in your homework books or separately) about how to save electricity and other things you can do to help the planet (e.g. recycling).

Spelling: The new spelling lists for this term are on the Class 2 webpage.

Homophones and near homophones: **there, their, they're, here, hear, see, sea, to, too, two.**

### *Contact:*

Don't forget that we are always available should you have any questions or concerns. You can contact us through the email below. Alternatively, you can send in a note via your child to pass on.
