

Physical Development

We are hoping to get outside a little bit more for P.E this term; please can all children bring their outdoor trainers and P.E kit. We continue to encourage the children to change into their P.E kits independently.

Expressive Arts and Design

The role play area will change depending on the children's interests. We also add materials and craft activities to the creative area to support this.

Literacy

This term we will be doing lots of work on sentence structure. The children will be practising writing sentences with capital letters, finger spaces and full stops. Regular phonics sessions will continue. We will be reviewing sounds and applying these sounds into our writing.

Class 1 Summer Term

In class 1 we aim to follow the children's interests in order to improve learning and engagement. This means that we have no set topics. We let the children lead their own learning which means that the classroom and provision changes daily, depending on what the children are interested in.

Other information:

- TAPESTRY – Please keep uploading pictures from home onto tapestry. We love to see what the children have been learning to do outside of school.
- WATER BOTTLES - Please can all children bring a water bottle to leave in school.
- READING BOOKS - Please can all children continue to read regularly at home, we will change their reading books every Monday.
- LIBRARY – The children will visit the school library every Friday to change their book.
- SHOW & TELL - Two children will be chosen for show & tell each week.

Understanding the World

This term, we will support the children when observing plants and animals, they will have the opportunity to explore the school grounds and village.

Mathematics

This term the children will be taking part in lots of practical addition and subtraction activities. We will also practise writing addition and subtraction problems using the correctly symbols. The children will be thinking about doubling and halving. We will continue practising learning numbers to 20 and beyond.

Personal, Social and Emotional

We will be exploring our value for this half term which is 'Friendship'. We will have circle times to help us think about how to be a good friend.
