

English

During this term we will be creating our very own comic strip. Year One will be working extremely hard to create their own superhero and power as well as creating their very own baddie! We will think about the things that they might say to each other before using all of our fantastic learning to write our comic strip.

Art and Design

In art we will be looking at Andy Warhol and pop art. We will be looking at how the use of bright colours is used in comic books and we will create our own pop art word bubbles that will also help us in our English lessons.

Summer One

Superheroes

History

In history Year One will be learning about 3 real life superheroes who have changed the world! We will look at the lives and achievements of Emily Davidson, Rosa Parks and Martin Luther King.

Maths

In maths this term we will be looking at measurements. In particular measuring length, height, weight and volume. We will finish the term by learning all about fractions!

Science

During this term we will continue our learning about materials. We will learn about a range of different materials and the difference between an object and the material that it is made from. We will think carefully about the properties of these materials and complete experiments to find the best material for an umbrella.
