

## Welcome!

**This week the newsletter explains about a fantastic trip the Year 6 children went on recently. We hope you enjoy it.**

On Wednesday 7<sup>th</sup> February 2019, The Year 6 children learnt lots! They attended a PSHE day at Bramall Lane. The day involved participating in different workshops around refereeing, leadership, communication and ending with a grand tour of Bramall Lane.

To start off with, the classes were split up in to different rooms to learn about different things. One of the workshops was about how to be a referee, they drew a referee and listed the qualities they would need to have in order to make them a good sportsman for their job. The children learnt that there are 17 laws that a referee has to enforce.

The teachers then led the children out through some doors to begin a tour of the stadium. WOW! It was huge, probably one of the largest buildings I've ever seen quoted one child. There were lots of photos and memorable items to remember, all the victories and triumphs of the team are displayed in the SUFC museum.

Robert-the instructor and tour guide-lead the children into the SUFC changing rooms, which was very interesting. Everyone got to touch Billy Sharp's football kit!

### INTERESTING FACTS:

- In 1862 a football match lasted three hours
- There are 32,702 seats in the entire stadium.
- The first ever recorded football match was in 1862.
- In 1867 Sheffield Wednesday were originally named 'The Blades'.
- In 1888 football grew to become the much loved sport that it is today.
