

## Year 5 and 6 Art and Design & Technology Homework for This Weekend

Dear Parents/Carers,

Please could you help your child be ready for our Art and DT learning that is coming up over the next couple of weeks.

***In Art*** we will be making papier mache "Ancient Greek" bowls. For this your child needs to bring in a breakfast or pudding sized bowl. Plastic picnic type bowls would be great as there is less chance of accidents, but china if not. We will endeavour to return them clean and undamaged, but please don't send your best china! Could we also have lots of old newspaper please (if such a resource still exists in the digital age!)

***In DT*** we will be sewing mobile phone covers/cases for a family member. Please could your child accurately measure and record the length, width and depth of the chosen phone (in cm or mm).

Please could the bowl, newspapers and measurements be brought to school by **Tuesday 14<sup>th</sup> May.**

Thanks for your help and support.

Kind regards

David Green (Assistant Head)
