This Week

Simmons have been looking at shapes in the environment. In the role play area they have created a café and a hairdressers.

Inkpen and Rosen have been using the skills they learnt last week in den building to create a shelter for Lola the leopard. They have also dug out the traditional maths games.

Sharratt and Donaldson have been labelling the parts of a plant and learning about their uses.

Potter and Ahlberg have been printing flowers, designing and painting a coloured stone and writing fact files about plants.

Murphy and Dahl have been creating their own still life drawing inspired by the work of Paul Cezanne. In English they have invented their own character who found a golden ticket and written character descriptions for them.

Morpurgo and Kinney have been looking at Saxon house. How they were made and where they would locate them. Using this information they have made their own model houses.

Herge and Walliams have been researching Matilda Ramsey the chef and writing biographies about her.

Shakespeare and Rowling have been writing biographies about David Attenborough. They had a fun SATs café where the children were able to take control of their own learning. They are all looking forward to the production and residential after next week!!!

The Hive Out of School
Club

This week at The Hive we braved the rain to plant our first vegetables in our new vegetable patch. We are looking forward to being able to eat our own juicy tomatoes, peppers and mange tout as part of our afternoon snack.

McKenzi shared the story Oliver's Vegetables with us in the library and we decided to use a tally chart to find out which vegetables were most popular. Carrots, potatoes and sweetcorn received the most votes.

Lola the leopard came to visit from Foundation Stage and we experimented with making different types of den to keep her warm and dry.

Places are available for the May half term.

Parent Question

We had no responses to last week's question regarding Jo Jo bows and swapping cards so we are happy to carry on allowing them until we feel there is a problem.

Summer Sports

Miss Inglis has been working hard to organise this year's sports day. It will again be a traditional sports day with all the usual races.

We have had the field painted with the course early this year so the children have plenty of time to practise during lesson times but also at playtimes (weather permitting!).

Why not give your children that extra chance by taking them out for a run around the park?

Packed Lunches

Just a reminder that sweets are not allowed as part of a packed lunch. If you do include them in packed lunches your child will not be allowed to eat them in school.

Date for your Diary

In order to try to give you as much notice as possible regarding events around school, this section will be dates for up-coming events. We may need to change events at times but will try to keep this to a minimum.

Healthy Lunch Box Top Tips

1. Boost the vegetable content of their sandwiches by adding salad such as lettuce, sliced tomato, cucumber or sweet corn.
2. Starchy foods are a good source of energy, and should make up a third of the lunchbox. But don't let things get boring. Keep their foods varied - try using a different starchy food each day e.g cous cous, pasta, tortilla wraps and pitta breads. Use brown, wholemeal or seeded bread, not white bread.
3. Try seeds, crackers or pretzels as an alternative to crisps.
4. Children often like food they can eat with their fingers, so chop up raw veggies such as carrots or peppers, and give them humus or cottage cheese to dip the veggies in. Breadsticks and wholemeal crackers are great finger foods and they can be spread with low-fat soft cheese or eaten with reduced-fat cheddar and pickles.
5. Include a wide variety of healthy fruits and vegetables every day for example blueberries, carrot and pepper batons, cucumber cubes, cherry tomatoes and sugar snap peas.

View from the Classroom Floor

This week we have been choosing the new newsletter writers for next year.

We had 32 children who came to see if they could be chosen. They all had to write a report on an imaginary mystery in school!

We think everyone was amazing and it was really hard to choose just four people. We are sorry if you didn't get chosen.

The children in Year 2 have done their reading quiz this week and have worked really hard and done a fantastic job. Next week it is Year 6's turn to do their SATs. We have all been working really hard and are looking forward to finally doing them!

We are sure everybody will do their best and really try their hardest. Good luck to everybody!

Have a great weekend.
