

Oak Lodge EYFS Weekly News

Summer Term

Week ending 10.5.19

Dear Parents/Carers

The mini-beast search has continued this week and the children have been learning all about spiders- arrrrggghhh!! This is the last week of our topic mini-beasts although we will be waiting for our caterpillars to turn into butterflies! The children have really enjoyed digging in the mud and looking for mini-beasts.

Many thanks,

The Reception Team

Prime Areas

PSED- The children have been learning about mini-beasts. They have learnt how to look after our environment so that we can also look after all of the creatures around us.

Physical - The children have been moving and travelling like mini-beasts. We are beginning to practise the games for sports day. The children are learning the skills needed.

Communication and Language- The children have been talking about having a spider for a pet. They discussed if it would make a good pet with reasons for and against.

Specific Areas

Literacy- This week the children have been reading Arrrrggghhh Spider! We have discussed the story and feelings that the spider may have.

Phonics- The children have been learning phase 4 words and recapping sounds.

Maths- The children have been learning how to count in 2's and relate this to real life- counting 2p coins.

Understanding the World- The children have been learning about different mini-beasts.

This Week's Challenge

We have sent home some more high frequency words. Please get your child to practise reading them and write them in the book in a sentence. We would also like you to practise any sounds that your child does not know and write words using those digraphs. Does your child know all of these sounds?
