1.0 CONTEXT

1.1 Barnsole Primary Trust fully recognises its responsibility to have a clear and secure framework in place to safeguard and promote the welfare of children and their families, in line with Early Help ethos.

1.2 Practitioners who work with children in the Trust will read this policy within the framework of the following guidance:

- Keeping Children Safe in Education: Statutory Guidance (2018)
- Working Together to Safeguard children (2018) Statutory Guidance
- Medway Safeguarding Children's Board Policies and Procedures
- What to do if you're worried a child is being abused (2015)
- Early help: Whose responsibility? A thematic inspection by Ofsted March 2015

1.3 Through their day-to-day contact with pupils and their direct work with families, all staff and volunteers through the Trust have a crucial role to play in noticing indicators of possible abuse or neglect at an early stage.

1.4 This policy sets out how the Trust discharges its statutory responsibilities relating to safeguarding and promoting the welfare of children who are pupils within the Trust. Our policy applies to all staff; paid and unpaid, working in the school including governors. It is consistent with Medway Safeguarding Children's Board (MSCB) procedures.

2.0 PURPOSE AND AIMS

The purpose of Barnsole Primary Trust's safeguarding policy is to ensure:

- **Building resilience** - raising awareness of child protection issues and equipping children with the language and skills needed to keep them safe. Establishing a safe environment in which children can learn and develop within an ethos of openness;
- **Early Identification** – acting on the identification of additional needs immediately; undertaking an early help assessment; leading on the development of a plan and coordinating a team to support the agreed actions. Voluntary agreement with families
- **Supporting vulnerable pupils** - supporting pupils who have been abused, have witnessed violence towards others or may be vulnerable to abuse and exploitation for many reasons
- **Preventing unsuitable people from working with children** - ensuring we practice safe recruitment in checking the suitability of staff and volunteers to work with children.

The Trust will follow the procedures set out by the Medway Safeguarding Children's Board and take account of guidance issued by the Department of Education (DfE):

- Safeguard and promoting the welfare of children is everyone's responsibility.
- Protect children and young people at our schools from maltreatment and exploitation.
- Prevent impairment of our children and young people's health or development.
- Ensure that children and young people at our schools grow up in circumstances consistent with the provisions of safe and effective care.
- Offering children a balanced curriculum including PSHE (Personal, Social and Health Education); RSE (Relationships and Sex Education)
- Offer children and young people a balanced curriculum through online activities, enabling them to enhance their skills and knowledge whilst understanding the risks.
- No single professional can have the full picture of a child's needs and circumstances. Everyone who comes into contact with children and their family has a role to play in identifying concerns, sharing information and taking prompt action.
- Undertake the role so as to enable children and young people at our schools to have the best outcomes. To consider at all times the best interests of the child/ren.
- As a Trust we have a clear understanding of our staffing group knowledge and understanding to embed safeguarding through systems so that safeguarding is a robust element of each school.
- Clear monitoring and reviewing process that the Governance arrangements of the school manage/develop.
- The voice of the child is evident in case files and informs school policy developments.
- This policy has been developed to give clear direction to staff, volunteers, visitors/contractors and parents about expected behaviour and our legal responsibility to safeguard and promote the welfare of all children.
- We have a commitment to safeguarding/child protection in a multi-agency environment.
- This policy is read in conjunction with the individual school's behaviour policy.
- The first step is to be alert to the signs of abuse, exploitation and neglect, to have read this document and to understand the procedures set out in our school and the Medway Safeguarding Children's Board. As a staff member you should also consider what training would support you in your role to fulfil this duty.

3.0 ETHOS

3.1 The child's welfare is of paramount importance, we are a child-centred Trust.

3.2 We maintain a professional attitude of 'it could happen here' where safeguarding is concerned. When concerns about the welfare of a child, staff members will always act in the best interests of the child. This policy has been developed in conjunction with The Trust's culture of prevention, protection and support.

3.3 The Trust will continue to maintain an ethos where pupils feel secure, are encouraged to talk, are listened to and feel safe. Children at each school are encouraged to talk freely with any staff member if they are worried or concerned about something. We follow the following guidance: [what-to-do-if-you-are-worried-a-child-is-being-abused](#)

3.4 Raising awareness of child protection issues and equipping children with the language and skills needed to keep them safe. Establishing a safe environment in which children can learn and develop within an ethos of openness.

3.5 Ensuring staff are alert to identifying and acting on additional needs can be preventative in matters escalating to serious safeguarding concerns and will ensure through assessment of the whole family needs that support is coordinated immediately.

4.0 SAFEGUARDING DEFINITIONS

Everyone who comes into contact with children and their families has a role to play in safeguarding children. We recognise that staff at each school play a particularly important role as they are in a position to identify concerns early and provide help for children to prevent concerns from escalating. We also have developed systems as described in [Working-Together-to-Safeguard-Children 2018](#) to form a wider system and prevent concerns from escalating.

The Trust follows the [Medway Safeguarding Children's Board](#) policies and procedures.

5.0 ROLES AND RESPONSIBILITIES

5.1 The Trustees, Governors, and Heads of School are accountable for ensuring the effectiveness of this policy and school compliance. The Trust has a named champion within Safeguarding; this is Margaret Greenwood.

5.2 The Heads of School have appointed a Designated Safeguarding Lead (DSL) who is part of the senior leadership team, they will monitor this post to ensure post holder has the time and resources required to fulfil the duty.

5.3 The Designated Safeguarding Lead and Deputy Designated Safeguarding Lead job descriptions have been added to staff member's job description. The Designated Safeguarding Lead has shared the contents of 'Keeping children Safe in Education'(2018). The Designated Safeguarding Lead training is compliant with [MSCB training programme](#).

5.4 The Trust ensures that the designated safeguarding lead understands they have the responsibility in leading safeguarding and child protection across the school. This individual has the appropriate status, authority, funding, resources, training and support to provide advice and guidance to all staff members within the school on child welfare and child protection. The designated safeguarding lead/deputy designated safeguarding lead officer receives appropriate and regular supervision from senior leadership team or external services.

5.5 The Trust ensures the school is compliant with section 175 of the Education Act 2002 which requires the governing bodies of maintained Schools and Further Education

institutions to make arrangements to ensure that their functions are carried out with a view to safeguarding and promoting the welfare of children. Section 157 of the Education Act 2002 and the Education Regulations 2003 requires proprietors of Independent Schools (including Academies and Free Schools) to have arrangements for safeguarding and promoting the welfare of pupils at the school. The Governance body returns their 175/157 report to the Local Authority/Medway Safeguarding Children Board. Any areas of concern in safeguarding are identified and action plan/risk assessment is developed annually. The Trust ensures the school contributes to inter-agency working in-line with Working-Together-to-Safeguard-Children (2018) appropriately.

5.6 The Trust ensures safer recruitment procedures that include the requirement for appropriate checks in line with national guidance (see: Safeguarding Children and Safer Recruitment in Education Booklet).

5.7 The Trust has developed an overview of training schedule in line with KCSIE 2018 and future training requirements and this updated every term. All staff, volunteers and Governors have received an induction, which includes basic safeguarding training compliant with Medway Safeguarding Children Board. All staff, volunteers and Governors have read and understood the code of conduct annually and Keeping Children Safe in Education 2018 including hyperlinks. Each school has developed a system in-line with guidance below to ensure that regulated and non-regulated activities and staff supervision is understood across the school. The identification of volunteers, students, visitors can be clearly identified by the visitor system.

5.8 The Trust ensures there is a current whistle blowing policy and that staff have received a copy and have the opportunity to raise concerns in line with KCSIE 2018. There is a culture evident in each school to raise concerns about poor or unsafe practice and such concerns are addressed professionally and sensitively in accordance with agreed whistle-blowing policy.

5.9 The Trust ensures all staff are aware of the NSPCC (National Society for the Prevention of Cruelty to Children) whistleblowing-helpline is available for staff who do not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285 – line is available from 8:00 AM to 8:00 PM, Monday to Friday and Email: help@nspcc.org.uk.

Medway Professionals Procedures whistle blowing arrangements for safeguarding children

5.10 The Trust has a schedule of policies and procedures and set reviews timetable annually to ensure they are current. The Local Governing Body (LGB) and designated safeguarding lead coordinate the updates with training schedule to support the culture of learning for all staff/volunteers. Schools update parents of new policies through the school website.

5.11 The Trust have ensured staff are aware of their responsibility in reporting the disclosure of Female Genital Mutilation (FGM) that appears to have been carried out directly to Police (KCSIE 2018). Further guidance can be sourced at Government publications mandatory-reporting-of-female-genital-mutilation-procedural-information. Staff have a requirement to update designated safeguarding lead of the notification to Police. Further guidance to be found on multi-agency-statutory-guidance-on-female-genital-mutilation (Female Genital Mutilation Act 2003)

5.11 The school must have identified a number of Deputy Designated Safeguarding Leads who are trained at the same standard as the Designated Safeguarding Lead (KCSIE 2018). Designated Safeguarding Leads can delegate activities to Deputy Designated Safeguarding Leads yet the ultimate responsibility still remains with the Designated Safeguarding Lead, the lead responsibility is never delegated. In the absence of the Designated Safeguarding Lead the Deputy Designated Safeguarding Lead will take on Safeguarding Lead with clear direction from Senior Leadership Team.

6.0 DESIGNATED SAFEGUARDING LEAD/ DEPUTY DESIGNATED SAFEGUARDING LEAD

6.1 The Designated Safeguarding lead will carry out their roles in accordance with Keeping Children Safe in Education 2018 .

6.2 Management of referrals: The designated safeguarding lead continually develops an understanding of the community the school serves, the risks and resilience. The designated safeguarding lead will have an understanding of staffing, volunteers and Governance arrangements and training needs for safeguarding across the school updating the Governance body and Head of School regularly.

6.3 Refer cases of suspected abuse to Local Authority children's social care (First Response and Assessment service) as required, an appropriate representative will represent the school at child protection conferences and core group meetings. Completing Strengthening Families multi-agency conference report template, the Designated Safeguarding Lead will be the expert within the school to support staff in liaising with other agencies, making assessments and referrals. Any staff member maybe required to be part of strategy discussions with other interagency meetings and contribute to the assessment of child/ren.

6.4 Designated Safeguarding Lead will support staff that make referrals to local authority children's social care, First Response; Multi-agency Safeguarding Hub (MASH). Schools have access to a first response no-name consultation for guidance on thresholds.

6.5 Designated Safeguarding Lead will refer cases to the Channel Programme where there is a radicalisation concern as required; also support staff that make referrals to the Channel Programme; completing appropriate risk assessments. Where there is a concern, the DSL will consider the level of risk and decide which agency to make a referral to. This could include Channel, the Governments programme for identifying and supporting individuals at risk of being drawn into terrorism, or the local authority children's service care team. The Department for Education also has a designated telephone helpline, 020 7340 7264, which school staff and Governors can call to raise concerns about extremism with respect to a pupil.

6.6 The Designated Safeguarding Lead will refer cases where a person is dismissed or left due to risk/harm to a child to the Disclosure and Barring Service as required.

6.7 Designated Safeguarding Lead will refer cases where a crime may have been committed to the Police as required.

6.8 Designated Safeguarding Lead will be responsible to ensure there are maintained robust systems to monitor and record training of all staff, volunteers, they will be reviewed annually,

and refresher time scales of training are evident. Training is delivered in-line with Training-Quality-programme. This will include bulletins, briefings and inset day training as well as external events attended. Regular updates are shared with staff and there is a system to record these communications.

6.9 Designated Safeguarding lead will ensure all staff and regular visitors have training on how to recognise indicators of concern, how to respond to a disclosure from a child, how to record and report this information accurately. Staff/volunteers will not make promises to any child and will not keep secrets. Every child will know what the adult will have to do with any information they have chosen to disclose to a staff member/volunteers.

6.10 Designated Safeguarding Lead monitors the paper/electronic case management systems set up to record cause for concerns on students to ensure the quality of information is accurate, proportionate, and timely, also assessment/referrals are made appropriately. The recording and storing of information is kept in line with the-data-protection-act. Safeguarding and child protection records are kept separate from academic records; there is a clear recorded process of transfer of records to new schools. A chronology case management system is at the front of all child/ren files; this gives clarity on summary and recognition of cumulative low level concerns which need to be monitored and raised. School LGBs ensure that staff who need to share 'special category personal data' are aware that the Data Protection Act (2018) contains 'safeguarding of children and individuals at risk' as a processing condition that allows practitioners to share information. This includes allowing practitioners to share information without consent, if it is not possible to gain consent, it cannot be reasonably expected that a practitioner gains consent, or if to gain consent would place a child at risk.

6.11 Designated Safeguarding Lead has developed systems for case management which are detailed, accurate, secured either through written/electronic records of concerns or referrals. There is a system to monitor the quality of records through auditing of case files on a scheduled basis. Systems are compliant with the-data-protection-act and in line with data protection: toolkit for schools.

6.12 Designated Safeguarding Lead has a clear system for Child Protection (Children's Act 1989 section 47), Child in Need (Children's Act 1989 section 17), Early Help Assessment (EHA/CAF) files being removed from school and returned; for what purpose e.g. case review meeting, SCR (Serious case reviews), DHR (Domestic Homicide Reviews).

6.13 Designated Safeguarding Lead will share risks and resilience of pupils proportionately with staff members on a "need to know and in the child's best interest" and this is recorded and monitored to ensure risks are understood. The Designated Safeguarding Lead will clearly state reasons for sharing this information and that this is carried out in strict confidentiality, we follow safeguarding-practitioners-information-sharing-advice.

6.14 Designated Safeguarding Lead ensures systems are in place to induct new staff and governors are robust and monitored and non-compliance is shared with the Senior Leadership Team. Designated Safeguarding Lead will ensure induction policy is updated annually in-line with Keeping Children Safe in Education 2018.

6.15 Designated Safeguarding Lead understands and supports the school with regards to the requirements of the Prevent Duty and is able to provide advice and support to staff on protecting children from the risk of radicalisation. Schools on-line safety policy links with this policy. Please refer to the British Values Statement and ICT Acceptable Use Policy.

6.16 All staff will have access to updates and attend any relevant or refresher training courses to update their professional development within safeguarding. Designated Safeguarding Lead coordinates this centrally. The Teachers' Standards 2012 state that teachers, including headteachers, should safeguard children's wellbeing and maintain public trust in the teaching profession as part of their professional duties.

6.17 Designated Safeguarding Lead encourages a culture of listening to children and taking account of their wishes and feelings, all staff will assist with any measures the school may put in place to protect them. Designated Safeguarding Lead has developed systems to record these and ensure through case reviews the child/rens voice have been heard/recorded using Medway Professionals Procedures.

6.18 Working with others: Designated Safeguarding Lead will liaise with the Head of School to inform him or her of issues especially ongoing enquiries under section 47 of the Children Act 1989 and police investigations.

6.19 Designated Safeguarding Lead notifies Children's Social Care if a child with a child protection plan is absent for more than two days without explanation. A pupil who does not attend without explanation on the am session for school; this will be followed up within 24 hours. Please refer to Attendance and Lateness Policy.

6.20 Designated Safeguarding Lead as required will liaise with the "case manager" and the LADO (Local Authority Designated Officer) at the local authority for child protection concerns.

6.21 Designated Safeguarding Lead will liaise with staff on matters of safety and safeguarding and when deciding whether to make a referral by liaising with relevant agencies. Act as a source of support, advice and expertise for all staff. Risk assessments will be completed as required and should where appropriate involve other agencies.

6.22 Designated Safeguarding Lead will inform where a parent chooses to remove their child/ren from school to Elected Home Educators (EHE) the school will make arrangements to pass any safeguarding concerns to the EHE Team within Medway Council and inform other professionals who are involved.

6.23 The school at times may require further assistance from interpreters to support child and families. These services will be accessed with support of the Designated Safeguarding Lead.

7.0 WORKING WITH PARENTS/CARERS

7.1 The Trust is committed to working in partnership with parents and carers to safeguard and promote the welfare of children and to support them to understand the statutory responsibilities in this area.

7.2 When new pupils join a school, parents and carers will be informed that there is a safeguarding policy. A copy will be provided to parents on request; it is available on the school and Trust website. Parents and carers will be informed of our legal duty to assist our colleagues and other agencies with child protection enquiries and what happens should we have cause to make a referral to Early Help Service or other agencies.

7.3 The Trust are committed to working with parents positively, openly and honestly. We ensure that all parents are treated with respect, dignity and courtesy. We respect parents' rights to privacy and confidentiality and will not share sensitive information unless we have permission or it is necessary to do so in order to safeguard a child from harm.

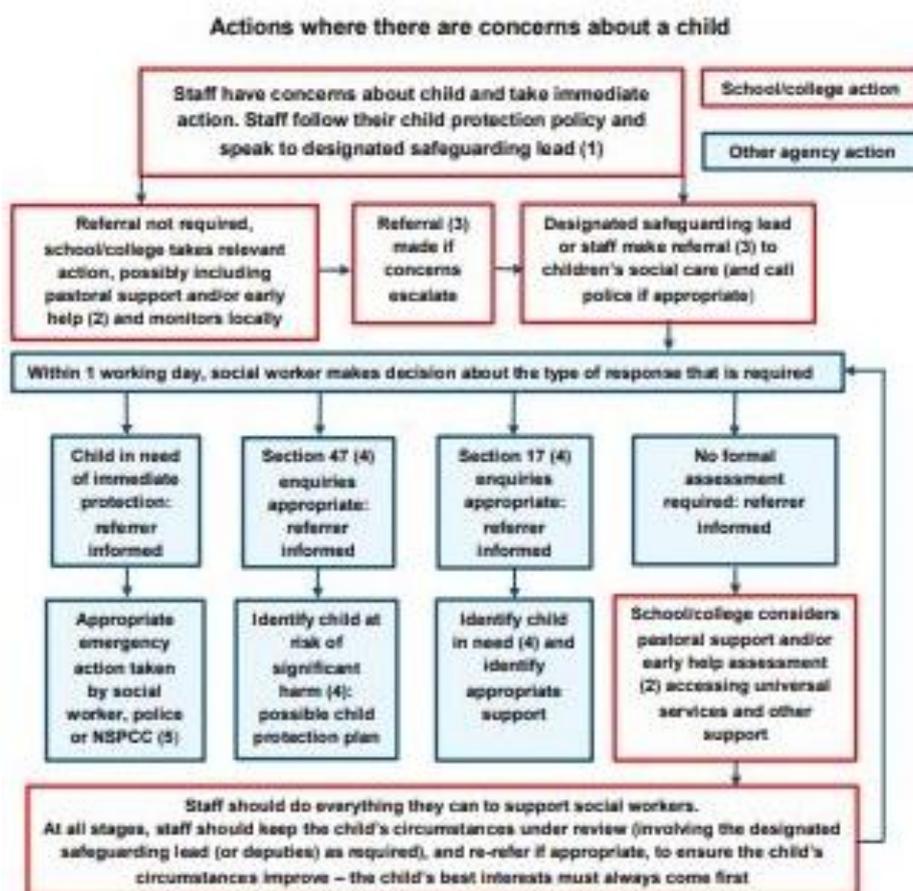

7.4 We will seek to share with parents any concerns we may have about their child unless to do so may place a child at increased risk of harm. A lack of parental engagement or agreement regarding the concerns the school has about a child will not prevent the Designated Safeguarding Lead making a referral to Children's Social Care and Multi – Agency Risk Assessment Conference (MARAC) in those circumstances where it is appropriate to do so.

7.5 In order to keep children safe and provide appropriate care for them, the school requires parents to provide accurate and up to date information regarding:

- Full names and contact details of all adults with whom the child normally lives;
- To hold two emergency contact numbers;
- Full names and contact details of all persons with parental responsibility (if different from above);
- Emergency contact details (if different from above);
- Full details of any other adult authorised by the parent to collect the child from school (if different from the above);
- Any legal or criminal changes which effects parental responsibility e.g. Bail condition, contact orders, non-molestation orders, court orders, Multi – Agency Risk Assessment Conference (MARAC).

7.6 The School will retain this information on the pupil file. The school will only share information about pupils with adults who have parental responsibility for a pupil or where a parent has given permission and the school has been supplied with the adult's full details in writing. Please refer to the Records Management and Retention Policy. The Trust has an appointed Data Protection Officer, Nicola Eckersall.

8.0 PROCEDURES FOR MANAGING CONCERNS

8.1 All staff know that it is their responsibility to report any concerns that they have and not to see these as insignificant. On occasions, a referral is justified by a single incident such as an injury or disclosure of abuse. More often however, concerns accumulate over a period of time and are evidenced by building up a picture of harm over time; this is particularly true in cases of emotional abuse and neglect. In these circumstances, it is crucial that staff record and pass on concerns in accordance with this policy to allow the Designated Safeguarding Lead to build up a picture and access support for the child at the earliest opportunity. Further guidance can be found at [Medway early help service strategy](#) document.

8.2 The signs of child abuse might not always be obvious and a child might not tell anyone what is happening to them. You should therefore question behaviours if something seems unusual and try to speak to the child, alone, if appropriate, to seek further information. Following guidance [What to do if you're worried a child is being abused](#). If a child reports, following a conversation you have initiated or otherwise, that they are being abused and/or neglected, you should listen to them, take their allegation seriously, and reassure them that you will take action to keep them safe. You will need to decide the most appropriate action to take, depending on the circumstances of the case, the seriousness of the child's allegation and the local multi-agency safeguarding arrangements in place.

8.3 All concerns about a child or family should be reported without delay and recorded in writing/electronic system using agreed template/electronic system. Informing the Designated Safeguarding Lead and following the school's procedure.

Following receipt of any information raising concern, the Designated Safeguarding Lead will consider what action to take and seek further advice from First Response and Assessment Service. All information and actions taken, including the reasons for any decisions and actions made, will be fully documented on child's record.

It is not the responsibility of the school to investigate welfare concerns or determine the truth of any disclosure or allegation. All staff, however, we will have a duty to recognise concerns and pass the information on in accordance with the procedures outlined in this policy.

Staff members are encouraged if they have any concerns about a child they will need to have a conversation with the Designated Safeguarding Lead to agree a course of action, although any staff member can make a referral to Children's Social Care or Police. Other options could include referral to specialist services or early help services and should be made in accordance with the referral threshold set by the Medway Safeguarding Children Board.

8.4 If anyone other than the Designated Safeguarding Lead makes the referral they should inform the Designated Safeguarding Lead, as soon as possible. The local authority should make a decision within one working day of a referral being made about what the next stages are.

8.5 Any member of staff who does not feel that concerns about a child have been responded to appropriately and in accordance with the procedures outline in this policy or MSCB should raise their concerns with the Head of School, LGB or Trustees. If any member of staff does not feel the situation has been addressed appropriately at this point they should contact First Response and Assessment Service directly with their concerns using link below.

This hyper link directs you to your local children's social care contact number; [Report-child-abuse-to-local-council](#) .

8.6 Escalation Procedure (Professional Disagreement) - Medway Safeguarding Children Board expects members of staff working directly with families to share information appropriately and work to plans agreed in all relevant forums. Good practice includes the expectation that constructive challenge amongst colleagues within agencies and between agencies provides a healthy approach to the work. Where members of staff from any agency feel concerns regarding a child are not being addressed it is expected that the escalation process should be used until a satisfactory conclusion is reached. The process of resolution should be kept as simple as possible and the aim should be to resolve difficulties at a professional practitioner level wherever possible. It should be recognised that differences in status and experience may affect the confidence of some workers to pursue this course of action and support should be sought from the schools Designated Safeguarding Lead.

9.0 EARLY HELP

9.1 Designated Safeguarding Lead will ensure staff are aware of the Medway Early Help outcome plan 2015-2020, and understand their role in it. This includes identifying emerging problems, liaising with the Designated Safeguarding Lead, undertaking an early help whole family assessment, coordinating the development of a whole family plan, or supporting

others who are leading by sharing information with other professionals to support early identification and assessment and ensuring identified outcomes are met. They will potentially be identified as the early help lead(s) for the school.

9.2 Every member of staff including volunteers working with children at our school are advised to maintain an attitude of '*professional curiosity and respectful uncertainty*' where safeguarding is concerned. When concerned about the welfare of a child, staff members should always act in the interests of the child and have a responsibility to take action as outlined in this policy. Any child may benefit from early help, yet staff should be particularly alert to potential need for help for a child who:

- Is disabled and has a specific additional needs;
- Has educational needs whether or not they have a statutory Education Health and Care plan
- Is a young carer
- Is frequently missing or goes missing from care or home
- Is misusing drugs and alcohol
- Is in family circumstances presenting challenges for the child, such as substance abuse, adult mental health problems or domestic abuse
- Has returned home to their family from care
- Is a privately fostered child

9.3 Early Help is a key part of a wider continuum of engagement with families and will work alongside universal services. For early intervention to be successful each stage of the process must be carried out well and followed through by every person who works with children, young people and families and has an individual responsibility for early help.

9.4 Practitioners should complete an Early Help Assessment (EHA) when:

- Age appropriate progress is not being made and the causes are unclear or development progress is not being met
- The support of more than one additional agency is needed to meet the child or young person's needs
- A child does not meet MSCB safeguarding threshold yet concerns are emerging e.g. attendance, behavioural, social or physical wellbeing or academic progress.

9.5 The school EHA lead may need to request the support of Medway Council Early Help Transformation Team (EH TT) for support to undertake the EHA or to bring in further specialist support for certain issues for the whole family that could be impacting on the development of the child (housing/debt/worklessness; criminal activity; substance misuse or mental health; domestic abuse). The School will inform the EH Co-ordinator when an EHA has been started, and when it is closed, irrespective of whether or not there is an EH worker involved with the family. This is so that a record of that involvement can be maintained on Synergy.

Guidance on responding to a child disclosing abuse:

The following list should be used as advice for staff and teachers in the event that a child discloses information relating to abuse that they may be suffering:

* **Stay calm**

* **Listen carefully** to what is said

* **Do not promise to keep secrets** –find an appropriate early opportunity to explain that it is likely that the information will need to be shared with others. *NB: If the child is*

Fraser competent (i.e.) Professionals working with children need to consider how to balance children's rights, wishes and sharing information with their responsibility to keep children safe from harm. Underage sexual activity should always be seen as a possible indicator of child sexual exploitation. Sexual activity with a child under 13 is a criminal offence and should always result in a child protection referral.

* **Allow the child to continue at her/his own pace**

* **Only ask questions for clarification purposes** –at all times avoid asking questions that suggest a particular answer:

* **Reassure** the child that they have done the right thing in telling you

* **Tell them what you will do next** and with whom the information will be shared

* **Record in writing what was said** using the child's own words as soon as possible –note date, time, any names mentioned and to whom the information was given and ensure that the record is signed and dated. In the case that a child or adult discloses any information regarding abuse that they may have suffered, the information should be passed onto the school's Designated Safeguarding Lead.

If the Designated Safeguarding Lead is not available, any urgent concerns should be passed on to the relevant Children's Services authority or the Police.

10.0 TYPES AND SIGNS OF ABUSE and EXPOLITATION

10.1 As a Trust we are aware that abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases multiple issues will overlap with one another for further guidance: [Promoting the Welfare of Children](#).

10.2 **Abuse:** a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others (e.g. via the internet). They may be abused by an adult or adults or another child or children.

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only in so far as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them; or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of

children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. Safeguarding issues can manifest themselves via peer on peer abuse. This is most likely to include, yet not limited to, bullying (including cyberbullying), sexual violence, sexual harassment and sexting.

Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

11.0 KEEPING CHILDREN SAFE IN EDUCATION (2018) SPECIFIC SAFEGUARDING ISSUES:

11.1 All staff have an awareness of safeguarding issues- some of which are listed below. We enable our staff to be aware that behaviours linked to the likes of drug taking, alcohol abuse, homelessness, county lines, children with family members in prison, truanting and sexting, can put children in danger. All staff are aware of the Designated Safeguarding Lead who is the expert within our Schools to support staff and volunteers for further support.

11.2 All staff are aware that safeguarding issues can manifest themselves via peer on peer abuse. This is most likely to include, but not limited to: bullying (including cyber bullying), gender based violence/sexual assaults; and sexting. Further guidance on peer on peer abuse can be found in the Behaviour for Learning Policy and the Anti-bullying Policy.

11.3 Expert and professional organisations are supportive of schools in providing up-to-date guidance and practical support on specific safeguarding issues. For example information for schools and colleges can be found on the [TES](#), [MindEd](#), Medway [MSCB](#) and the [NSPCC](#) websites. Staff can access government guidance as required on the issues listed below via GOV.UK and other government websites:

- [Abuse](#)
- [Bullying including cyberbullying;](#)
- [Children missing education;](#)

- Criminal exploitation of children and vulnerable adults county lines;
- Child missing from home or care;
- Child sexual exploitation (CSE);
- Domestic abuse;
- Drugs;
- Fabricated or induced illness;
- Faith abuse;
- Female genital mutilation (FGM);
- Forced marriage;
- Gender-based violence/violence against women and girls (VAWG);
- Gang and youth violence
- Hate;
- Mental health;
- Missing children and adults strategy;
- Private fostering;
- Preventing radicalisation;
- Protecting children from radicalisation;
- Relationship abuse;
- Sexual violence and sexual harassment between children in schools and colleges;
- Sexting;
- Trafficking and modern day slavery;

For further details and hyperlinks see appendix 1

12.0 CHILD PROTECTION CONFERENCES

12.1 Section 17- A child in need is defined under section 17(10) of the Children Act 1989 as a child who is unlikely to achieve or maintain a reasonable level of health or development, or

whose health or development is likely to be significantly or further impaired, without the provision of services; or a child who is disabled.

Section 47- If the local authority have reasonable cause to suspect that a child is suffering, or likely to suffer, significant harm they have a duty to make enquires under section 47 to enable them to decide whether they should take any action to safeguard and promote the child's welfare. This duty also applies if a child is subject to an emergency protection order (under section 44 of the Children Act 1989) or in police protective custody under section 46 of the Children Act 1989.

Detailed information on statutory assessments can be found in Chapter 1 of Working Together to Safeguard Children Medway Managing-Individual-Cases

If there are section 47 enquiries during School Holidays - If an allegation/concern of abuse or neglect occurs during school holidays the relevant Children's Social Care Services (Medway) social worker should make direct contact with her/his school. When possible, contact should be with school staff whom have first-hand knowledge of the child and access to school records following MSCB procedure.

12.2 Children's Services will convene a Child Protection conference once a child protection enquiry under Section 47 of the Children Act 1989 has been undertaken and the child is judged to be at continuing risk of significant harm. A review conference will take place once a child has been made the subject of a Child Protection Plan in order to monitor the safety of the child and the required reduction in risk.

12.3 Designated Safeguarding Lead/staff members may be asked to attend a child protection conference or core group meetings on behalf of the school in respect of individual children. In any event, the person attending will be required to provide as relevant up to date information about the child as possible; any member of staff will be required to contribute to this process. The representative attending must contribute on behalf of their agency a recommendation on the risks factors for the family from their factual information and a view on a need for child protection plan.

12.4 All reports for child protection conferences will be prepared in advance using the guidance and education report template provided by MSCB. The information contained in the report will be shared with parents before the conference as appropriate and will include information relating to the child's physical, emotional and intellectual development, the child's presentation at school. In order to complete such reports, all relevant information will be sought from staff working with the child in school through the Designated Safeguarding Lead.

12.5 Clearly child protection conferences can be upsetting for parents. We recognise that we are likely to have more contact with parents than other professionals involved. We will work in an open and honest way with any parent whose child has been referred to Early Help Services or whose child is subject to a child protection plan. Our responsibility is to promote the protection and welfare of all children and our aim is to achieve this in partnership with our parents. MSCB has developed some guidance and leaflets for parents and young people about conferences.

12.6 Child in Need (section 17) A 'Child in Need' referral should be considered where the needs of the child are unlikely to be met under an EHA, such as a child with complex disabilities, when a social work led assessment is required using Medway Threshold document.

12.7 Section 17 of the Children Act says that an assessment for services should be undertaken by the Local Authority in the following circumstances:

- Children are unlikely to achieve or maintain, or to have opportunity to achieve or maintain a reasonable standard of health or development, without the provision of services by a local authority.
- Their health or development is likely to be impaired, or further impaired without the provision of such services.
- If they are disabled.
- Where prevention strategies have been designed and monitored without desired outcomes being met.

12.8 If the Designated Safeguarding Lead considers that the welfare concerns indicate that a 'Child in Need' referral is appropriate, he/she will speak with parents and obtain their consent for referral to the First Response and Assessment Service Medway Thresholds-for-Intervention-Guidance or the appropriate social care team if a different authority; to request an assessment. If parents refuse to give consent, but the child's needs are not being met, the Designated Safeguarding Lead may discuss the issues with the First Response and Assessment Service; as this may escalate concerns.

12.9 Appropriate staff should be invited to participate in Child in Need (CIN) meetings convened by Children's Social Care when children are deemed to require section 17 services.

13.0 CURRICULUM

13.1 Throughout our curriculum we will provide activities and opportunities for children to develop the skills they need to identify risks and stay safe. This will also be extended to include material that will encourage our children to develop essential life skills.

13.2 It is the responsibility of every staff member, supply staff, volunteer and regular visitor to the school to carry out the requirements of this policy so that we can provide a safe environment in which children can learn, this is covered in induction.

13.3 We provide a broad and balanced curriculum through PSHE, SRE, SMSC, British values, on-line safety, assemblies and visitors.

13.4 As a Trust we are passionate in the ways we encourage children to learn and share their views.

14.0 EDUCATIONAL VISITS

The Trust uses the Evolve System for educational visits.

15.0 INTIMATE CARE

Please refer to the Intimate Care Policy.

16.0 CHILDREN WITH MEDICAL NEEDS (including administering medicine)

The Trust will adhere to supporting pupils at school with medical conditions (2015 updated 2017) working with parents/carers to ensure:

- Pupils at school with medical conditions should be properly supported so that they have full access to education, including school trips and physical education.
- The Trust must ensure that arrangements are in place in schools to support pupils at school with medical conditions.
- The Trust should ensure that school leaders consult health and social care professionals, pupils and parents to ensure that the needs of children with medical conditions are properly understood and effectively supported.

Asthma policy - [Emergency-asthma-inhalers-for-use-in-schools](#)

17.0 SAFER RECRUITMENT

17.1 The Trust will ensure that the Head of School and at least one member of the Governance Body have completed appropriate safer recruitment training. At all times the Head of School and Trust will ensure that safer recruitment practices are followed in accordance with the requirements of *'Keeping Children Safe in Education'*, DfE (2018).

17.2 Safer recruitment procedures will include the requirement for appropriate checks in line with national guidance (see: [Schools recruitment Safeguarding Children and Safer Recruitment in Education Booklet](#))

17.3 At Barnsole Primary Trust we will use the recruitment and selection process to deter and reject unsuitable candidates. We require evidence of original academic certificates. We do not accept testimonials and insist on taking up references prior to interview. The Trust will question the contents of the application forms if we are unclear about them, we will undertake Disclosure and Barring Service checks; we may use other means of ensuring we are recruiting and selecting the most suitable people to work with our children.

17.4 Schools will maintain a Single Central Register (SCR) of all safer recruitment checks carried out in line with statutory requirements. Guest visitors will also be checked in-line with statutory requirements and risk assessed robustly. The Governance Body will check the SCR on a half term basis and record inaccuracy and actions; reporting this to Senior Leadership Team and Governance. Please refer to the Recruitment and Selection Policy.

18.0 SAFER WORKING PRACTICE

18.1 All adults who come into contact with our children have a duty of care to safeguard and promote their welfare. There is a legal duty placed upon us to ensure that all adults who work with or on behalf of our children are competent, confident and safe to do so.

18.2 All staff including supply teachers and volunteers will be provided with a copy of the school's code of conduct at induction. They will be expected to know the school's Code of Conduct and carry out their duties in accordance with this advice. There may be occasions when some form of physical contact is inevitable, for example if a child has an accident, is hurt or is in a situation of danger to themselves or others around them. However, at all times the agreed policy for de-escalation and safe restraint must be adhered to. A list of staff that have accessed physical intervention training will be kept by the Head of School and updated in-line with use of reasonable force DfE guidance. All incidents will be recorded in-line with guidance.

18.3 If staff, visitors, volunteers or parent helpers are working with children alone they will, wherever possible, be visible to other members of staff. They will be expected to inform another member of staff of their whereabouts in school, who they are with, for how long. Doors, ideally, should have a clear glass panel in them and be left open.

18.4 Guidance about acceptable conduct and safe practice will be given to all staff and volunteers during induction. These are sensible steps that every adult should take in their daily professional conduct with children. This advice can be found in 'Guidance for Safer Working Practices for Adults who work with Children and Young People in Educational settings', DCSF, March 2009. All staff and volunteers are expected to carry out their work in accordance with this guidance and will be made aware that failure to do so could lead to disciplinary action.

Please refer to the Code of Conduct Policy.

19.0 EDUCATIONAL VISITORS TO SCHOOL

19.1 The school will undertake risk assessment and use their professional judgement and experience when deciding whether to seek an enhanced DBS for any volunteer not engaging in regulated activity. We follow guidance for non-regulated activities. Please refer to the Protocol for Visitors to Schools Policy.

In doing so we will consider:

- What we know about the individual or company, including formal and informal information offered by staff, parents, other establishments or volunteers.
- Whether the individual or company has other employment or undertakes voluntary activities where references can be advice and suitability recorded.
- Whether the role is eligible for an enhanced DBS check
- We will clearly have decided the level of supervision required through risk assessment – the supervision will be “reasonable in all the circumstances to ensure the protection of children” as stated in KCSIE 2018

- We have a clear visitors' procedure that enables us to offer pupil experiences of meeting other professionals to extend knowledge and curriculum. This clearly states whether they are supervised or unsupervised within the school.
- Visitors' policy links with the Prevent Duty.

20.0 MANAGING ALLEGATIONS AGAINST STAFF, VOLUNTEERS and PEER on PEER

20.1 The Trust ensures there are procedures in place to manage allegations of abuse against staff members, peer on peer and Head of Schools.

20.2 Our aim is to provide a safe and supportive environment that secures the wellbeing and very best outcomes for the children. We do recognise that sometimes the behaviour of adults may lead to an allegation of abuse being made.

20.3 We will take all possible steps to safeguard our children and to ensure that the adults in our school are safe to work with children. We will always ensure that the procedures outlined in *Medway Safeguarding Children's Board Protocol: Managing Allegations of abuse Against Persons who work with Children and role of LADO* and Part 4 of 'Keeping Children Safe in Education', DfE (2018) are adhered to and will seek appropriate advice from the Local Authority Designated Officer (LADO). The LADO can be contacted on 01634 331065

20.4 If an allegation is made or information is received about an adult who works in our setting that indicates that they may be unsuitable to work with children, the member of staff receiving the information should inform the Head of School immediately. If the allegation is regarding the proprietor of the academy then this needs to be raised with the Designated Safeguarding Lead. Should an allegation be made against the Head of School, this will be reported to the LGB. In the event that either the Head of School or Governance Body is uncontactable on that day, the information must be passed to and dealt with by either the member of staff acting as Head of School or the Vice Chair of Governors.

20.5 The Headteacher or Chair of Governors will seek advice from the LADO within one working day. No member of staff or the Governance body will undertake further investigations before receiving advice from the LADO.

20.11 Any member of staff or volunteer who does not feel confident to raise their concerns with the Headteacher or Chair of Governors should contact the LADO directly on 01634 331065

20.12 The Trust has a legal duty to refer to the Disclosure and Barring Service anyone who has harmed, or poses a risk of harm, to a child, or if there is reason to believe the member of staff has committed one of a number of listed offences, and who has been removed from working (paid or unpaid) in regulated activity, or would have been removed had they not left. The DBS will consider whether to bar the person. If these circumstances arise in relation to a member of staff, a referral will be made as soon as possible after the resignation or removal of the individual in accordance with advice from the LADO and/or HR the Designated Safeguarding Lead has a responsibility to inform barring service.

21.0 VULNERABLE CHILDREN – including LOOKED AFTER CHILDREN (LAC)

21.1 We recognise that our safeguarding responsibilities are clearly linked to our responsibilities for ensuring that appropriate safeguarding responses are in place for children who are absent from school or who go missing from education. We will inform the local authority of any pupil who fails to attend school regularly, or who has been absent without school permission for a continuous period of 10 school days or more. We also recognise that safeguarding against radicalisation and extremism is no different to safeguarding against any other vulnerability in today's society. Our staff are alert to signs to look out for and the individual triggers to be aware of when considering the risks of potential safeguarding concerns such as travelling to conflict zones, FGM and forced marriage.

21.2 As a Trust we are aware that the potential for children with special educational needs and disabilities (SEN-D) may have additional barriers when it comes to safeguarding, the school recognises that this group can be more vulnerable to abuse and neglect. The warning signs and symptoms of child abuse and neglect can vary from child to child. Disabled children may be especially vulnerable to abuse, including because they may have an impaired capacity to resist or avoid abuse. They may have speech, language and communication needs that may make it difficult to tell others what is happening. Children also develop and mature at different rates so what appears to be worrying for a younger child might be normal behaviour for an older child. Parental behaviours may also indicate child abuse or neglect, so you should also be alert to parent-child interactions which are concerning and other parental behaviours. This could include parents who are under the influence of drugs or alcohol or if there is a sudden change in their mental health. By understanding the warning signs, you can respond to problems as early as possible and provide the right support and services for the child and their family. It is important to recognise that a warning sign doesn't automatically mean a child is being abused. MSCB guidance

21.3 Heightened vulnerability is linked to:

- Communications skills
- Maturity (Lower cognitive ability)
- Perceptions of intent from others
- Lower self-esteem/confidence
- Potential to trust unreservedly
- A need to have "friends" or find a school partner/friend
- Differing boundaries
- Online safety – digital technology understanding

A combination of these factors can make them more susceptible to risks.

21.4 All children, including disabled children and children with impairments and additional needs, deserve the opportunity to achieve their full potential. In support of this it is important that their needs are considered in the same way as for any other child and as outlined in Working Together to Safeguard Children 2018.

21.5 Children have said that they need:

- Vigilance: to have adults notice when things are troubling them;

- Understanding and action: to understand what is happening; to be heard and understood; and to have that understanding acted upon;
- Stability: to be able to develop an on-going stable relationship of trust with those helping them;
- Respect: to be treated with the expectation that they are competent rather than not;
- Information and engagement: to be informed about and involved in procedures, decisions, concerns and plans;
- Explanation: to be informed of the outcome of assessments and decisions and how they have been reached, positive or negative;
- Support: to be provided with support in their own right as well as a member of their family;
- Advocacy: to be provided with advocacy to assist them in putting forward their views.

Medway Promoting-the-Welfare-Safety-of-Children-in-Specific-Circumstances

21.6 The Trust ensures that its schools have appointed a designated teacher who works closely with local authorities to promote the educational achievement of registered who are looked after. With the commencement of section 4 – 6 of the Children and Social Work Act 2017, designated teachers have responsibility for promoting the educational achievement of children who have left care through adoption, special guardianship or child arrangement orders or who were adopted from state care outside of England and Wales.

Looked after children: Medway's Virtual School for Looked After Children provides support and challenge role for schools and Local Authority teams in the form of staffing support; access to additional resources to support educational outcomes; information, advice and guidance (especially around Personal Education Plans); monitoring and tracking of educational outcomes and targets, and training and support at key transitional moments. Initiated by *Care Matters, Time for Change* (2007), all Local Authorities are advised to support the raising of the educational attainment and achievement of their Looked After Children through the overarching support of a Virtual School. The responsibility for each child's education, target setting, learning and teaching remains with the schools where they are enrolled.

The Trust must ensure that the designated teacher undertakes appropriate training (section 20(2) of the 2008 Act).

21.7 The role of the designated teacher within the school Designated-teacher-for-looked-after-children 2018

The designated teacher plays a crucial role leading the responsibility for helping school staff understand the things which affect how looked after children learn and achieve.

The designated teacher should:

- Promote culture of high expectations and aspirations for how looked after children learn
- Makes sure the young person has a voice in setting learning targets be a source of advice for staff about differentiated teaching strategies appropriate for individual children and in making full use of Assessment for Learning.

- Makes sure that looked after children are prioritised in one-to-one tuition arrangements and that carers understand the importance of supporting learning at home.
- Has the lead responsibility for the development and implementation of the child's personal education plan (PEP) within the school.

22.0 WORKFORCE and DEVELOPMENT

22.1 As a Trust we have a clear framework for supporting and training our staff. On an annual basis all staff receives a performance management that includes identification of training needs across the safeguarding agenda highlighted in Keep Children Safe in Education 2018. Teaching standards define the role and responsibility of teaching staff to continually develop their knowledge and understanding and as a school we develop this as part of our working culture. As a school on an annual basis we have a recorded training schedule developed to meet the needs of the staffing group for knowledges and understanding to enable a robust culture in safeguarding and agendas consistently across the school.

22.2 We have a clear inductions process for staff, volunteers and Governors that includes safeguarding roles, responsibilities and processes. This includes the code of conduct, basic safeguarding training, the role of the Designated Safeguarding Lead officer, signs and symptoms of abuse, how to manage a disclosure from a child, how to record, issues around confidentiality.

22.3 Section one of Keeping Children Safe in Education 2018 requires all staff, volunteers and Governance body receive a copy and briefing sessions on implementation. Trustees, Governance Body, Head of Schools, SLT members and Designated Safeguarding Lead all receive full document.

There is a focus on any safeguarding concern/issues raised. These are recorded.

23.0 TRAINING - DESIGNATED SAFEGUARDING LEAD

23.1 The Designated Safeguarding Lead (and any deputies) should undergo training to provide them with the knowledge and skills required to carry out the role. This training should be updated at least every two years in-line with MSCB policy. The Designated Safeguarding Lead role is crucial in enabling all staff members to have an understanding of impact and diversity of safeguarding issues. The Designated Safeguarding Lead will develop and monitor systems to update staff, pupils and families.

23.2 The Designated Safeguarding Lead should undertake Prevent awareness training every 2 years, have clear understanding of risk assessment, and update as appropriately.

23.3 In addition to the formal training set out above, their knowledge and skills should be refreshed (this might be via e-bulletins, meeting other Designated Safeguarding Leads, or simply taking time to read and digest safeguarding developments) at regular intervals, as

required, but at least annually, to allow them to understand and keep up with any developments relevant to their role so they:

- Understand the assessment process for providing early help and intervention, for example through locally agreed common and shared assessment processes such as early help assessments;
- Have a working knowledge of how local authorities conduct a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so; and
- Have an understanding of the lesson learnt from SCR (serious case reviews) and how best to implement the learning.

24.0 RAISING AWARENESS – DESIGNATED SAFEGUARDING LEAD

The Designated Safeguarding Lead should ensure the school's child protection policies are known, understood and used appropriately.

24.1 Designated Safeguarding Lead and Governance arrangements should ensure the school or college's child protection policy is reviewed annually (as a minimum) and the procedures and implementation are updated and reviewed regularly.

24.2 Designated Safeguarding Lead should ensure the child protection policy is available publicly and parents are aware of the fact that referrals about suspected abuse or neglect may be made and the role of the school in this.

25.0 AVAILABILITY OF DESIGNATED SAFEGUARDING LEAD

- During term time the Designated Safeguarding Lead (or a deputy) is available (during school hours) for staff in the school to discuss any safeguarding concerns.
- As a school we have cover arrangements in place to cover any out of hours/out of term activities. This information is shared with the Local Authority. (Education Safeguarding Officer)

26.0 COMMUNICATION – CONFIDENTIALITY/INFORMATION SHARING

26.1 At all times we will work in partnership and endeavour to establish effective working relationships with parents, carers and colleagues from other agencies in line with Working Together to Safeguard Children (2018). The school works closely with social care from the host authority and, where appropriate from a placing local authority, for that authority to conduct, or to consider whether to conduct, a section 17 or a section 47 assessment.

26.2 As a Trust we recognise that early information sharing is vital for effective identification, assessment and allocation of appropriate service provision. 'Information Sharing: Advice for Practitioners Providing Safeguarding Services to Children, Young People, Parent and

Carers', supports staff in making decisions about sharing information. This advice includes the seven golden rules for sharing information and considerations with regard to the Data Protection Act 2018 and General Data Protection Regulation (GDPR).

26.3 The Data Protection Act places a duty on organisations and individuals with regards to processing personal information fairly and lawfully. As a Trust we adhere to data protection yet we do not allow this to stand in our way in the need to promote the welfare and protect the safety of our children in our care.

27.0 MANAGING COMPLAINTS

27.1 As a Trust we have a complaints policy. As a Trust we encourage children and families to raise with concerns or complaints and have a robust internal investigation process.

27.2 The complaint policy states clearly the stages of complaints and where to escalate concerns following completion of process either through Ofsted or Education Skills Funding Agency (ESFA).

28.3 Safeguarding concerns should be raised with school immediately. If a concern or a child is at immediate risk then the individual needs to contact First Response and Assessment Service. All visitors are given a safeguarding leaflet that outlines how to share concerns and also a code of conduct expected by visitors/contractors)

Please refer to the Complaints Policy.

28.0 SITE SECURITY

28.1 The Trust schools provide a secure site that is controlled by clear management directives, but the site is only as secure as the people who use it. Therefore all people on the site have to adhere to the rules that govern it. Laxity can cause potential problems to safeguarding; Health and Safety Act 1989 and 2004.

Therefore:

Gates are kept closed during the school day, visitors gain access through the main entrance.

- Visitors, volunteers and students must only enter through the main entrance and after signing in at the office will be issued with a school lanyard or visitor's pass. School has a clear system of ensuring visitors are to be accompanied/supervised by regulated staff member. Any visitor on site who is not identifiable by a visitors pass may be challenged by any staff member and this will be reported to senior leadership Team member.
- Parents, carers and grandparents attending functions have access only through the main entrance, with tickets for visitors for appropriate school events
- Children will only be allowed home with adults with parental responsibility or confirmed permission.

- Empty classrooms should have closed windows and doors.
- Children should never be allowed to leave school alone during school hours unless collected by an adult such as a parent who is doing so for a valid reason. They should report to the office to do this.
- At least two members of staff are always on duty at break times.
- Health and safety audit to be completed annually with risk assessment; developed in-line with Prevent duty. This will form part of Governors annual report. Risk management of site security is managed by senior leadership/Governance; school has a clear system of risk assessments and review timescales of these.

29.0 EARLY YEARS STATUTORY FRAMEWORK EYSF framework 2018

This framework is mandatory for all early years' providers (from 1 September 2014): maintained schools; non-maintained schools; independent schools and all providers on the Early Years Register. Every child deserves the best possible start in life and the support that enables them to fulfil their potential. Children develop quickly in the early years and a child's experiences between birth and age five have a major impact on their future life chances. A secure, safe and happy childhood is important in its own right. Good parenting and high quality early learning together provide the foundation children need to make the most of their abilities and talents as they grow up.

The Early Years Foundation Stage (EYFS) sets the standards that all early years providers must meet to ensure that children learn and develop well and are kept healthy and safe. It promotes teaching and learning to ensure children's 'school readiness' and gives children the broad range of knowledge and skills that provide the right foundation for good future progress through school and life.

- All our staff are aware there is an expectation to disclose any convictions, cautions, court orders, reprimands and warnings that may affect their suitability to work with children (whether received before or during their employment at the setting). Providers must not allow people, whose suitability has not been checked, including through a criminal records check, to have unsupervised contact with children being cared for.
- As a Trust we ensure at least one person who has a current paediatric first aid certificate must be on the premises and available at all times when children are present, and must accompany children on outings.

There is a clear policy use of mobile phones on school premises. Reporting and storing of staff medication.

Please refer to the ICT Acceptable Use Policy and the Staff Handbook.

Appendix Content

- Appendix 1 Safeguarding Agendas (2018)
- Appendix 2 Related policies list
- Appendix 3 Key Legislation
- Appendix 4 Reference to additional documents

APPENDIX 1

Safeguarding Agendas detailed in KCSIE 2018 (Included in this section are national and local hyperlinks to policy)

• **Bullying including Cyberbullying** - bullying may be defined as deliberately hurtful behaviour, usually repeated over a period of time, where it is difficult for those bullied to protect themselves. It can take many forms but the main types are:

- physical (e.g. hitting, kicking, theft)
- verbal (e.g. racist or homophobic remarks, threats, name-calling)
- emotional (e.g. isolating an individual from the activities and social acceptance of their peer group)

“The damage inflicted by bullying (including cyberbullying via the internet) can frequently be underestimated. It can cause considerable distress to children, to the extent that it affects their health and development or, at the extreme, causes them significant harm (including self-harm). Information and Communication Technology (ICT), now more commonly referred to as Digital Technology, enables children and young people to learn, play, communicate and explore the world in fantastic new ways and many children and young people are now skilled in using digital technology including computers, tablets, mobile phones and gaming machines. However with this new technology there are new risks it is important we have understanding around prevention.”

The breadth of issues classified within online safety is considerable, but can be categorised within three areas of risk:

- **content:** being exposed to illegal, inappropriate or harmful material; for example pornography, fake news, racist or radical and extremist views;
- **contact:** being subjected to harmful online interaction with other users; for example commercial advertising as well as adults posing as children or young adults;
- **conduct:** personal online behaviour that increases the likelihood of, or causes, harm for preventing-and-tackling-bullying.
- Everyone who is responsible for the welfare and safety of children needs to understand what these risks are and how we can all work together to enjoy these new technologies safely. "As in any other area of life, children and young people are vulnerable and may expose themselves to danger - knowingly or unknowingly - when using the internet and other digital technologies. Indeed, some young people may find themselves involved in activities which are inappropriate or possibly illegal.
[Medway on line bullying](#) (Section 6C)

Many children have unlimited and unrestricted access to the internet, via 3G and 4G in particular, and the schools should carefully consider how this is managed on their premises.

• **Sexting** – Sexting is when a young person takes indecent images of themselves and sends this to their friends or boy / girlfriends via mobile phones. [Sexting/what-is-sexting](#)
The problem is that once taken and sent, the sender has lost control of these images and

these images could end up anywhere. They could be seen by your child's future employers, their friends or even by pedophiles. Child exploitation and online protection command ([CEOP](#)) runs Thinkuknow programme provides resources, training and support for professionals who work directly with children and young people.

Child/ren by having in their possession, or distributing images, of an indecent nature of a person under 18 on to someone else – young people are not even aware that they could be breaking the law as these are offences under the Sexual Offences Act 2003.

Medway Further-Guidance-for-Practitioners

- **Children missing education** – All professionals working with children, as well as the wider community, can help by remaining vigilant to children's safety. The law states every child should be receiving an education, and we stand a better chance of ensuring a child's safety if we know where and how they are receiving this. The Education and Inspections Act 2006 places a duty on local authorities in England and Wales to make arrangements to identify children and young people of compulsory school age [Children-missing-education](#) in their area; we work closely to ensure we put appropriate safeguarding responses in place for children who go missing from education. Please refer to the Attendance and Lateness Policy.

Medway Children Missing Education Policy

- **Child/ren missing from home or care** - There are strong links between children involved in sexual exploitation and other behaviours such as running away from home or care, bullying, self-harm, teenage pregnancy, truancy, and substance misuse. In addition, some children are particularly vulnerable, for example children with special needs, those in residential or foster care, those leaving care, migrant children, particularly those who are unaccompanied, those forced into marriage, those involved in gangs and unaccompanied asylum seeking children. The majority of children who go missing are not in care and go missing from their family home. However, children who are looked after are much more likely to run away than those who live at home. This is not to presume that the care system necessarily causes young people to run away. In many cases, a pattern of running away may have been established at an early age and may have been a factor in the young person's admission to care. It is also important to remember that the majority of looked-after children do not go missing. [Children-who-run-away-or-go-missing-from-home-or-care](#)

Whilst each case needs to be considered on its merits, children who run away are at a heightened risk of being victims of crime, being sexually exploited, being involved in substance misuse, or of becoming involved in crime and disorder. Additionally, research shows that the level of risk to the individual child escalates with each episode they go missing and repeat episodes have been identified as a significant indicator of high risk to the child or young person. [Medway Welfare-Safety-of-Children-in-Specific-Circumstances](#) (section 4G)

- **Child sexual exploitation (CSE)** – Child sexual exploitation is a form of child sexual abuse. Sexual abuse may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside clothing. It may include non-contact activities, such as involving

children in the production of sexual images, forcing children to look at sexual images or watch sexual activities, encouraging children to behave in sexually inappropriate ways or grooming a child in preparation for abuse (including via the internet) (2017).

National Working Group #SaySomething Campaign. [what-to-do-if-you-suspect-a-child-is-being-sexually-exploited](#)

[Medway Promoting-the-Welfare-Safety-of-Children-in-Specific-Circumstances](#)

Soft intelligence - form for CSE and Gang, including email address to use.

• **Domestic violence** – Any incident or pattern of incidents of controlling, coercive or threatening behaviour, violence or abuse between those aged 16 or over who are or have been intimate partners or family members regardless of gender or sexuality. This can encompass but is not limited to the following types of abuse:

- psychological
- physical
- sexual
- financial
- emotional

Domestic-violence-and-abuse is a generic term to describe a wide range of intentional behaviours used by one individual to control and dominate another, with whom they have had, wished to have, or are currently in a close intimate, family or other type of relationship. It does not only relate to married or co-habiting couples, and it frequently continues after a relationship has ended. A significant number of women and children are no safer when they leave an abusive home, and for very many it is known that the level of violence and abuse can escalate. [Medway promoting-the-Welfare-Safety-of-Children-in-Specific-Circumstances](#)

• **Relationship Abuse** – Domestic abuse is one of the key priorities of the Community Safety Partnership's throughout Medway. The Community Safety Partnerships, which are made up of multi-agency members, have agreed to use the Home Office definition of domestic abuse:-

[relationship-abuse/what-is-relationship-abuse](#)

However, the Medway Police definition of domestic abuse is:- “Any incident of threatening behaviour, violence or abuse (psychological, physical, sexual, financial or emotional) between partners and ex-partners aged 16 years and over, who are or have been intimate partners, regardless of gender and sexuality.” [Medway Individuals-who-pose-a-Risk-to-Children](#)

• **Drugs** - There is evidence that children and young people are increasingly misusing alcohol and illegal drugs. [Drugs-advice-for-schools](#) there are many consequences range from non-attendance and poor attainment at school, poor health, committing crime to support 'habits' and also increased risk of being a victim of violent crime and sexual exploitation.

Working with Parents who misuse substances [Medway Promoting-the-Welfare-Safety-of-Children-in-Specific-Circumstances](#) (section 4Q)

• **Fabricated or Induced Illness** - [safeguarding-children-in-whom-illness-is-fabricated-or-induced](#) - Fabricated or Induced Illness is a condition whereby a child suffers harm through the deliberate action of their carer and which is attributed by the adult to another cause.

There are three main ways of the parent/carer fabricating or inducing illness in a child:

1. **Fabrication** of signs and symptoms, including fabrication of past medical history.
2. **Fabrication** of signs and symptoms and **falsification** of hospital charts, records, letters and documents and specimens of bodily fluids.
3. **Induction** of illness by a variety of means. Harm to the child may be caused through unnecessary or invasive medical treatment, which may be harmful and possibly dangerous, based on symptoms that are falsely described or deliberately manufactured by the carer, and lack independent corroboration. The emotional impact of this on the child should always be considered. There may be a number of explanations for these circumstances and each requires careful consideration and review. Concerns about a child's health should be discussed with a health professional who is involved with the child. [Medway Promoting-the-Welfare-Safety-of-Children-in-Specific-Circumstances](#)

• **Faith abuse** – [National-action-plan-to-tackle-child-abuse-linked-to-faith-or-belief](#) Links to faith or belief includes: beliefs in concepts of witchcraft and spirit possession, demons or the devil acting through children or leading them astray (traditionally seen in some Christian beliefs), the evil eye or djinns (traditionally known in some Islamic faith contexts) and Dakini (in the Hindu context); ritual or multi murders where the killing of children is believed to bring supernatural benefits or the use of their body parts is believed to produce potent magical remedies; and use of belief in magic or witchcraft to create fear in children to make them more compliant when they are being trafficked for domestic slavery or sexual exploitation. This is not an exhaustive list and there will be other examples where children have been harmed when adults think that their actions have brought bad fortune, such as telephoning a wrong number that is believed by some to allow malevolent spirits to enter the home. Abuse linked to a belief in spirit possession can be hard for professionals to accept and it may be difficult to understand what children are likely to be experiencing; it can often take a number of visits or contacts to recognise such abuse. [Medway Guidance-for-Practitioners](#)

• **Female genital mutilation** (FGM) – [Multi-agency-statutory-guidance-on-female-genital-mutilation](#) FGM is known by a number of names including “female genital cutting”, “female circumcision” or “initiation”. The term female circumcision suggests that the practice is similar to male circumcision, but it bears no resemblance to male circumcision, has serious health consequences and no medical benefits. There is a mandatory reporting duty for staff specifically for FGM as stated by the [Serious Crime Act 2015](#).

FGM is also linked to domestic abuse, particularly in relation to „honour based violence“. [Medway Promoting-the-Welfare-Safety-of-Children-in-Specific-Circumstances](#) (section M)

• **Forced marriage** - [Guidance forced-marriage](#) There are some significant differences between the referral of a concern about a young person being forced into marriage and other child protection referrals. Professionals must be aware that sharing information with a young person's parents, extended family or members of their community, could put the young person in a situation of significant risk. Any disclosure that indicates a young person may be facing a forced marriage must be taken seriously by professionals who should also realise

that this could be 'one chance to save a life. A forced marriage is a marriage in which one or both spouses do not consent to the marriage but are coerced into it. Duress can include physical, psychological, financial, sexual and emotional pressure. In cases of vulnerable adults who lack the capacity to consent to marriage, coercion is not required for a marriage to be forced. Medway Promoting-the-Welfare-Safety-of-Children-in-Specific-Circumstances (section 4L)

• **Gender-based violence/violence against women and girls (VAWG)** - violence-against-women-and-girls

Too many women are still victims of domestic and sexual violence. We must help young people to understand what a healthy relationship is and to re-think their views of controlling behaviour, violence, abuse, sexual abuse and consent.

Strategy-to-end-violence-against-women-and-girls-2016-to-2020

• **Hate** - Educate against hate A hate crime is a crime committed against someone because of their:

- disability
- race or ethnicity
- religion or belief
- sexual orientation
- transgender identity
- alternative subculture

• **Gangs and youth violence** - Advice-to-schools-and-colleges-on-gangs-and-youth-violence

The Policing and Crime Act 2009 ('the 2009 Act') contains provisions for injunctions to prevent gang-related violence and gang-related drug dealing activity to be sought against an individual; these were commenced in January 2011.

The Crime and Security Act 2010 contains provisions for breach of an injunction to be enforced against 14 to 17 year olds; the Crime and Courts Act 2013 moved jurisdiction for these proceedings from the County Court to the Youth Court.

The Serious Crime Act 2015 contains provisions that amend the statutory definition of what comprises a "gang", as defined in section 34(5) of Part IV of the Policing and Crime Act 2009, and expands the scope of the activity a person must have engaged in, encouraged or assisted, or needs to be protected from, before a gang injunction can be imposed to include drug dealing activity. Locally, the following definition of gangs, as included within Dying to Belong (Centre for Social Justice, 2009), has been adopted:

A relatively durable, predominantly street-based group of young people who:

- (1) See themselves (and are seen by others) as a discernible group, and
- (2) Engage in a range of criminal activity and violence

They may also have any or all of the following factors:

- (3) Identify with or lay claim over territory
- (4) Have some form of identifying structural feature

(5) Are in conflict with other, similar, gangs.
MSCB guidance

• **Mental health** - Mental-health-and-behaviour-in-schools This non-statutory advice clarifies the responsibility of the school, outlines what they can do and how to support a child or young person whose behaviour - whether it is disruptive, withdrawn, anxious, depressed or otherwise - may be related to an unmet mental health need.

Parenting capacity and mental health Medway Promoting-the-Welfare-Safety-of-Children-in-Specific-Circumstances

• **Missing Children and Adults strategy** - Missing-children-and-adults-strategy Research has shown that children are more likely than adults to go missing, placing them in risky situations and increasing their vulnerability to a whole range of issues, including homelessness, becoming a victim or perpetrator of crime and, as we are increasingly aware, placing many of these vulnerable young people at greater risk of child sexual exploitation.

Homeless – being homeless or being at risk of becoming homeless presents a real risk to a child's welfare. The designated safeguarding lead (and any deputies) should be aware of contact details and referral routes into the Local Housing Authority so they can raise/progress concerns at the earliest opportunity. Indicators that a family may be at risk of homelessness include household debt, rent arrears, domestic abuse and anti-social behaviour, as well as the family being asked to leave a property. Whilst referrals and/or discussion with the Local Housing Authority should be progressed as appropriate, and in accordance with local procedure, this does not, and should not, replace a referral into children's social care where a child has been harmed or is at risk of harm.

Missing Children and Adults Strategy – missing-children-and-adults-strategy. Research has shown that children are more likely than adults to go missing, placing them in risky situations and increasing their vulnerability to a whole range of issues, including homelessness, becoming a victim or perpetrator of crime and, as we are increasingly aware, placing many of these vulnerable young people at greater risk of child sexual exploitation.

[Medway Promoting-the-Welfare-Safety-of-Children-in-Specific-Circumstances](#)

• **Private Fostering** – A privately fostered child, being under the age of 16 (18 if disabled), is cared for and provided with accommodation by someone other than: a parent, person with parental responsibility or a close relative- defined in the Children-act-1989-private-fostering or the Safeguarding Vulnerable Groups Act 2006 as a grandparent, brother, sister, aunt or uncle (whether of full blood or half blood or by marriage) or by step parent. The intention should be that the placement lasts for 28 days or more. As a school if we make private fostering arrangements we will request that DBS checks are requested by the regulated activity provider (foreign exchange students). Medway Promoting-the-Welfare-Safety-of-Children-in-Specific-Circumstances

Child Criminal Exploitation: County Lines - Criminal exploitation of children is a geographically widespread form of harm that is a typical feature of county lines criminal activity: drug networks or gangs groom and exploit children and young people to carry drugs and money from urban areas to suburban and rural areas, market and seaside towns. Key to

identifying potential involvement in county lines are missing episodes, when the victim may have been trafficked for the purpose of transporting drugs and a referral to the National Referral Mechanism should be considered.

Children and Court System - Children are sometimes required to give evidence in criminal courts, either for crimes committed against them or for crimes they have witnessed. There are two age appropriate guides to support children [5-11-year olds](#).

Sexual violence and sexual harassment between children - Sexual violence and sexual harassment can occur between two children of any age and sex. It can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children. Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, in all likelihood, adversely affect their educational attainment. Sexual violence and sexual harassment exist on a continuum and may overlap, they can occur online and offline (both physical and verbal) and are never acceptable. It is important that all victims are taken seriously and offered appropriate support. Staff are aware that some groups are potentially more at risk. Evidence shows girls, children with SEND and LGBT children are at greater risk.

• **Preventing Radicalisation** – [Prevent-duty-guidance](#) The current threat from terrorism in the United Kingdom can involve the exploitation of vulnerable people, including children of all ages, young people and adults to involve them in terrorism or activity in support of terrorism. Violent Extremism is defined by the Crown Prosecution Service (CPS) as: "The demonstration of unacceptable behaviour by using any means or medium to express views, which: Encourage, justify or glorify terrorist violence in furtherance of particular beliefs; Seek to provoke others to terrorist acts; Encourage other serious criminal activity or seek to provoke others to carry out serious criminal acts or foster hatred which might lead to inter-community violence in the UK."

- <https://www.kent.gov.uk/about-the-council/strategies-and-policies/community-safety-and-crime-policies/contest/prevent#>
- prevent@kent.pnn.police.uk

• **Trafficking** – [Safeguarding-children-who-may-have-been-trafficked-practice-guidance](#) Human trafficking is defined by the UNHCR guidelines (2006) as a process that is a combination of three basic components:

- Movement (including within the UK);
- Control, through harm / threat of harm or fraud;
- For the purpose of exploitation.

The Palermo Protocol establishes children as a special case for whom there are only two

components –movement and exploitation. Any child transported for exploitative reasons is considered to be a trafficking victim – whether or not s/he has been deceived, because it is not considered possible for children to give informed consent.

‘Child’ refers to children anyone below 18 years of age.

A child may be trafficked between several countries in the EU or globally, prior to being trafficked into / within the UK. The child may have entered the UK illegally or legally (i.e. with immigration documents), but the intention of exploitation underpins the entire process. Child victims may be indigenous UK nationals, European Union [EU] nationals from any country outside the EU. Medway Promoting-the-Welfare-Safety-of-Children-in-Specific-Circumstances

- **De-escalation - Restrictive Physical intervention** – The expectation is that as far as possible schools and young people’s settings and services will be restraint free. Poorly or incorrectly used, restrictive physical interventions are a source of risk to the young person and members of staff. The correct use of restrictive physical interventions must always be an act of last resort and not normal practice and be based on the best needs of the individual. Schools and settings should take all reasonable actions to reduce the potential need to use restrictive physical interventions as far as practicable.

An individual behaviour support plan (which may support or be part of an Individual Healthcare Plan) should be written for children and young people whose behaviour presents a significant challenge. This plan should detail the steps that are being taken to address the individual’s particular social, emotional and learning needs. It should also include the steps that staff should take to de-escalate challenging situations as well as what they should do if these steps are not successful (‘an incident management plan’). The individual behaviour support plan should consider risks and how they are being minimised and managed.

Reduction in the need to use Restrictive Physical Interventions is achieved by analysing the interactions between each young person/pupil and their environment, which identifies potential triggers that need to be avoided at critical periods. This involves:-

- As a Trust we consider our actions under the duties of Equality Act 201036 in relation to making reasonable adjustments, non-discrimination and their Public Sector Equality Duty. By planning positive and proactive behaviour support, for instance through drawing up individual behaviour plans for more vulnerable children, and agreeing them with parents and carers, schools/colleges can reduce the occurrence of challenging behaviour and the need to use reasonable force.
- Helping young people to avoid possible situations known to provoke challenging behaviour;
- Developing staff expertise in working with individuals that present challenges;
- Understanding that behaviour is often a method of communication.
- Helping young people to avoid possible situations known to provoke challenging behaviour;
- Having education plans/care programmes which are responsive to individual needs;
- Creating opportunities for service users/pupils to engage in meaningful activities which include opportunities for choice and a sense of achievement;

- Developing staff expertise in working with individuals that present challenges;
- Understanding that behaviour is often a method of communication.

Link to restrictive intervention programme

- **On Line Safety** – the use of technology has become a significant component of many safeguarding issues. The internet can be a fantastic place for children and young people where they can talk to friends, be creative and have fun. However, just like in the real world sometimes things can go wrong. Working with our children we develop curriculum developing skills in identifying and avoiding risk, learning how best to protect themselves and their friends, and knowing how to get support and report abuse if they do encounter difficulties.

Medway Further-Guidance-for-Practitioners

Children's commissioner - publications

The governance body and Headteacher have systems in place to limit child/ren' exposure to safeguarding issues through IT safeguards. We have filters and monitoring systems in place and these are regulated and risk assessed as part of the prevent duty. We have an online safety policy (inset hyper link- school) that identifies the usage and expected behaviour of children/students. As a school we appreciate the value of technology and that appropriate filters are in place yet this does not lead to unreasonable restrictions which would limit online teaching and safeguarding.

Risk Assessments- in line with KCSIE 2018 there will be times school will need to develop a risk assessment; these will be assessed with parent/carers and other services that are supporting the family. Within the MARAC arena risk assessment and safety planning is recorded in the weekly meetings and shared with schools.

When there has been a report of sexual violence, the designated safeguarding lead (or a deputy) should make an immediate risk and needs assessment. Where there has been a report of sexual harassment, the need for a risk assessment should be considered on a case-by-case basis. The risk and needs assessment should consider:

- the victim, especially their protection and support;
- the alleged perpetrator; and
- all the other children (and, if appropriate, adult students and staff) at the school or college, especially any actions that are appropriate to protect them.

Risk assessments will be recorded (written or electronic) and there is a clear schedule to monitor and measure impact. At all times, the school/college will be actively considering the risks posed to all their pupils and students and putting adequate measures in place to protect them and keep them safe. Consideration for [Contextual safeguarding](#) is taken into account as an approach to safeguarding children and young people that responds to their experience of harm beyond the school environment.

Appendix 2

RELATED POLICES

To underpin the values and ethos of our school and our intent to ensure that pupils at our school are appropriately safeguarded the following policies are also included under our safeguarding umbrella:

Policy	Date Approved	Review Date
Anti-Bullying Policy	October 2018	October 2020
Attendance and Lateness Policy	May 2017	May 2019
Behaviour for Learning Policy	March 2017	March 2020
Code of Conduct	May 2018	May 2020
Complaints Policy	May 2018	May 2020
Intimate Care	June 2018	June 2020
Educational visits - EVOLVE		
Grievance and Harassment Policy	October 2018	October 2020
Health and Safety including site security	May 2018	May 2019
ICT Acceptable Use Policy	May 2018	May 2020
SEND Policy	June 2015	(Currently under review)
Protocol for Visitors to Schools Policy	February 2015	(Currently under review)
Records Management & Retention Policy	May 2018	May 2020
Recruitment & Selection Policy	February 2015	(Currently under review)
Whistle-blowing Policy	June 2018	June 2019
