A school may withhold information it has if it is considered the information may damage the recipient, if disclosed. School data or record keeping policy should also cover the requirements of this act.

SPECIFIC ISSUES

All Adults Working In Our School:

- Implement the child protection policy.
- Encourage children to talk with their parents/ carers.
- Keep anything seen or heard within school confidential to the school.
- Who has a concern about a child, but does not feel they know the child's circumstances well enough to make a judgement about procedure, that adult should discuss their concerns with the child's class teacher who will have greater knowledge of the child, at an appropriate place and time.
- Should adhere to and enforce the schools procedures for the taking of and use of photographs and video recording in school.
- No child's personal details will be given out over the telephone until the validity of the request has been ascertained via a returned call.
- Unconditional confidentiality should never be given.
- If an adult receives external information that leads them to believe there is a child protection issue, they should refer the information to the child protection coordinator.
- No adult should discuss an individual child's behaviour in the presence of another child.
- No adult should enter into detailed discussion about a child's behaviour or academic progress with other children or their parents.

Governors Meetings

- Governors, in particular those sitting on discipline committees, will not divulge details about individuals (be they staff, families or individual children) to any person outside of the meeting.
- Governors need to be mindful that from time to time issues are discussed or brought to their attention about staff and children. All such papers should be marked as confidential and should be copied onto different coloured paper.

These confidential papers should be destroyed. Governors must observe complete confidentiality when asked to do so by the governing body, especially in relation to matters concerning individual staff, children or parents/carers. Although decisions reached at governors meetings are normally made public through the minutes or otherwise, the discussions on which decisions are based should be confidential.

Information Held About Children

- Information about children will be shared with parents/ carers but only about their child. Parents/ Carers will not have access to any other child's books, marks and progress grades at any time, especially at parents evening. However, parents/ carers should be aware that information about their child will be shared with the receiving school, if and when they change school.
- All personal information about children including social services records are regarded as confidential. The Headteacher will decide who will have access, and whether those concerned have access to all, or only selected information.
- Information regarding health report such as speech therapy, medical reports, SN reports, SN minutes of meetings, Social Care and Health Services will be circulated in envelopes and once read should be returned for secure filing.

In The Classroom

- Ground rules and distancing techniques will be used where sensitive issues are to be addressed. E.g. Drugs Education, Sex and Relationships Education.
- All adults should not put pressure on children to disclose personal information and should discourage from applying any such pressure.
- All adults will remind children that some information they share in the classroom may need to be shared with other adults for their protection.
- Children will be reassured that, if information has to be shared, they will be informed first and then supported appropriately.
- If a child and his/her parent/ carer wish to highlight an issue to a peer group then this will be carried out sensitively by the class teacher/ head teacher. E.g. bereavement.

DISSEMINATION OF THE POLICY

All staff members, governors and adults working in the school (including voluntary helpers) will receive a copy of this policy. Several copies are available to view at the

secretary's office upon request, and a short summary of this policy will be included in the school prospectus and school web-site.
