Shiver Me Timbers!

Our exciting learning about pirates continued this week with children enjoying a number of pirate themed stories.

The maps that have been sent in as part of our Home Learning Challenge have been truly fantastic. We have been so impressed that we have decided to display them in Nursery! Next week we will be going back in time to learn about our pre-historic friends, the dinosaurs. Our book of the week will be 'Harry and the bucketful of Dinosaurs' by Ian Whybrow.

A huge thank you to everyone who has been working hard on their child's next steps target. We have had lots of targets returned and completed already which is always great to see.

A little reminder that we have one week left until half term! This week we sent out Coventry's May Half Term flier with ideas and suggestions for activities available over the break. I'd love to hear your opinions on any of these activities if do visit them! Have a great weekend -
Mrs Dainty

Shape of the Week:
square

Writing focus:
'b' and 'u'

Important Notices

Ingredients for Play Dough

Play dough is a Nursery favourite but unfortunately some of our ingredients are dwindling. Any donations you can offer, however small, would be most appreciated. Alternatively, a monetary contribution to the Nursery fund would enable us to purchase these ingredients. Thank you for your continued generosity!

Coats

Although we are entering the summer months, can we remind you to make sure your child comes to school each day with a waterproof coat. This could be a lightweight jacket or fold-away mac. As you are aware the British weather can change quickly and a waterproof always comes in handy!

Summer Weather

As the weather gets warmer, please remember to ensure that your child attends school with a light hat. We advise all parents to apply once a day sun cream before school. Further information can be found in our Sun Policy.

Donation Station

We are looking for donations of:

- Flour
- Oil
- Salt
- Food colouring
- Corn flour
- Cream of tartar
- Tissues

Home Learning Challenge

Dynamic Dinosaurs!

Your challenge this week is to create your own dinosaur! In Nursery, next week, we have Terry the Pterodactyl and Dippy the (junk modelling) Dinosaur. We would love to add to our flock of pre-historic creatures.

You could create your dinosaur by using different media types such as:

- Painting
- Sculpting with clay or play dough
- Junk modelling
- Natural object representation (using twigs or leaves)
- Drawing

Get creative and enjoy choosing your favourite dinosaur!

Please entitle this weeks Home Learning Challenge:
Dynamic Dinosaurs!
