

17th May 2019

Dear Parents / Carers,

This week the children in Y6 have completed their SATs tests alongside every other Y6 child in the country. They have approached the tests with tremendously positive attitudes and have shown grit and resilience throughout the week. All children have arrived on time; ready for the tests, with a smile on their face which has made us incredibly proud of them all. We've had a couple of hay fever sufferers and one child feeling ill but they've put a brave face on and carried on! The SATs results will be published during the second week in July and we're sure they'll do well but whatever the outcome we're pleased with their attitudes and effort. Well done Y6 and enjoy the enormous chocolate cake made and delivered by Marsel's mum today!

Year Two have also been up to something over the past fortnight but they won't tell me what! The most I can find out is they've been taking part in **Secret Agent Training** and have been on a 'classified secret mission' which nobody outside of Y2 can know about. I tried really hard in assembly this morning to find out more information, but they've all been trained far too well and wouldn't tell me anything! I can only presume they've done a really good job with their mission, so well done to them too!

We will be having an assembly followed by workshops delivered by the NSPCC next week, please ask your child about the workshops on Tuesday evening. The children in Y5/6 have to wait a little longer for their workshops but they'll be involved in the assembly, so see what they can remember when they get home.

More children are riding bikes and scooters to school now that the weather has improved and we've seen lots of younger siblings joining in too. Can I please remind everyone that all children need to get off their bikes / scooters when in the school grounds to prevent accidents happening, as we've had a few near misses recently. We have storage in KS1 and KS2 for children to lock up their bikes during the day if they wish to do so. Please make sure you take them home at the end of the day as we often have some left over.

I'm hopeful that the sunshine we've seen recently is going to continue so a plea at this time of year is to ensure that children have adequate protection from the sun. We would encourage all parents / carers to put sun cream on their child at the start of the day and then send in a named bottle for children to reapply at lunchtime. Children should also have a hat to wear at playtimes and lunchtimes, again please make sure this is named.

Don't forget: We are closed for polling day on Thursday but expect all

children back in school on Friday!
Have a lovely weekend

Miss Hill
