Dear Parents / Carers

Re: School Photographs - Classes

As you are aware, the last photography session in school for individual portraits/siblings was carried out by Tempest Photography. We were made aware by several families that the quality of the photographs was not of the highest standard, therefore we have made the decision to trial a new company, Jane Stapleton School Photography.

At this time of year, we normally hold a session whereby all classes and groups (e.g. each individual class and ukulele group, football teams, etc.) are photographed. As there are usually minimal purchases by parents for such groups, we have decided to only offer the session to our Reception Class & Year 6. These are the two groups that are more likely to generate orders.

JS Photography will be in school on the morning of Tuesday, 11 June 2019 for the session with Reception and Year 6 Leavers. The Year 6 Leavers will all be presented with a colour autograph book containing photos of their class mates, enabling them to leave a 'goodbye' message for their friends.

If all goes well with the new photographer, we will book them for the individual portraits in the Autumn Term.

Yours sincerely

Tracey Barker
Office Manager
