Telephone Number: 01482 304200

Date: 3rd May 2019

Dear Parent/Carer,

Re: Mobile Phones

From Monday 13th May 2019 we will be asking all students who attend the Hub School to hand in their mobile phones upon arrival from their transport. Their phones will be stored securely throughout the school day and be handed back to students just before boarding their transport at the end of the day.

If you need to urgently speak to your Son/Daughter, you should contact the school reception and we will ensure we can facilitate communication.

Educational research has shown that removing distractions such as mobile devices can have a significant positive impact on the academic progress of students. Research also shows the benefits on social skills and emotional well-being, we feel this will support a positive learning environment.

If a student fails to hand in their mobile phone (or any other electronic device which may be requested) they will be sanctioned in accordance with the school's behaviour policy. This may include removal of rewards, enrichment activities or eligibility for trips and events. In some cases, this may also lead to a fixed term exclusion.

We will be sharing this information with students over the next few days and appreciate your support with this decision.

Yours sincerely,

Mr P Grimes
Headteacher
The Hub School
