STAGHILLS

Nursery School

Staghills is an outstanding nursery, who go above and beyond to nurture the children who attend. After my youngest was born my eldest son who attends Staghills started to play up and Christina (the amazing lady) went out of her way to support me as a new mother of 2 and to shape the nursery sessions around my eldest's interests. He wakes up every day looking forward to going to nursery and the stories he tells me on the way home is evident of how much he is learning and the vast amounts of experience he is gaining.

My child loves Stagghills as do me and his Dad. Everyday he is happy and looks forward to coming to nursery. He has a fantastic relationship with all the staff. The staff are always there to listen and to help him where he struggles and they set him targets which he achieves. He does something different everyday. His favourite is helping in the allotment and the woods.
