

Personal, social and Emotional Development

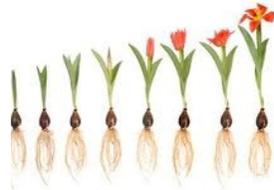

This term it is very important that we learn to do things for ourselves and try to resolve issues, as many of us will be going onto reception.

We will be supported to think about what we would like our friends to do and why they might not do it. We will also then reflect on how that makes us feel.

Knowledge and Understanding

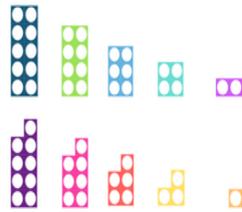

We will continue to learn about how plants grow and what they require to be healthy. We will also compare this to how we grown and think about what we need to be healthy. We will extend this further by looking at animals and their different lifecycles.

We will also continue to develop the garden by adding plants such as tomatoes, lettuce and turnips.

Maths, Shape and Measure

This half term we will be recapping our knowledge on numbers and how we can apply them to our everyday activities. We will be looking at numicon and learning how we can use it to help with our counting.

Festivals and special events

Eid family celebration 7th June

Fathers day 16th June- celebration day 13th June

Communication and language

As we continue to learn about growth and change we will use our language skills to acquire new words and information about what we can see happening around us. We will then apply this knowledge to our every day understanding of what is happening. We will then demonstrate our ability to organise, clarify and structure our thinking.

Nursery—Holland- summer 2

Growth and Change

Expressive Arts and Design

We will get the opportunity to explore a variety of media and materials and this term we will be encouraged to combine them together to create some wonderful things.

We will also be listening to a wide variety of music from different genres. We will think about different ways of moving in response to this music and talk about what we liked or disliked about it. We will also use scarves, ribbons and the parachutes to explore different ways of moving.

Physical Development

This half term we will be focusing a lot on climbing and the different ways we can make our body move. We will have to think about our own safety and the safety of others. We will think about what steps we can take to ensure that we are safe when we are climbing. We will start to think about the rules of using climbing equipment and how using it makes us feel.

We will also be exploring rhythm and the different ways we can respond to music.

TRIPS/EVENTS

11th July- nursery family outing. We are hoping to visit Mowsbury park to celebrate the end of the school year.

Literacy

This half term our focus stories will be The Enormous Turnip and The Enormous Potato.

We will also be practicing writing our name a lot to ensure that we can write it as independently as possible. We shall continue our learning of phonics and will join in with lots of games around listening and recalling information.
