

Is the UK a good place to go on holiday and why?

Dear Parents and Year 3

This is our topic for this half term. Please use it to help your own research, and I encourage you to bring things into school to help your learning.

Our Christian value for this half term is **creativity**.

In English

We will be focussing on reading and checking our own work for mistakes. We will also be writing shape poems.

As Mathematicians

We will work on our understanding of fractions by ordering, adding and subtracting them!

As Geographers

We will be using maps to locate the key features of the UK. We will also compare our country to other parts of the world.

As Citizens

We will be learning to value and celebrate the world that God has created for us. We will look at how we can take care of it.

As Readers

We will work on our understanding of what we read. This includes answering questions using our book 'The Tin Forest', as well as a variety of non-fiction texts.

In RE

We will start looking at the different rules that God expects us to follow.

As Communicators

We will look at how emails are used to send messages. Very importantly, we will discuss how we can stay safe on the internet.

We will continue with swimming every Monday, so remember your costumes!

As Artists

We will be creating pictures of plants by making our own printing blocks.

As Scientists

We will be looking at different parts of a plant and the role they have. Also, we will investigate what plants need in order to grow.
