

Computing -

Use the internet to research about mountains. Create a leaflet on what you find.

Science- Go on a magnetic scavenger hunt to find magnetic objects around your home. How do we use them? Record what you find in your book.

'Mountains & Growing Plants'

Over the next few weeks please complete at least 3 of the activities listed on the sheet or perhaps think of your own projects to complete.

All home learning needs to be in by the 15th July.

I look forward to seeing all your completed work!

English- Create your own poems about beautiful mountains or plants. Or create an instructional piece of writing saying how you can grow healthy plants.

Creative

Create a map with mountains and oceans labelled in a key.

History -

Who were the first people to climb Mount Everest? Research facts using books or the internet.

Design

Design and create your own magnetic superhero and suit. What powers would your hero have?

Maths

Complete Mathematics activities to get your Mathematics certificates - <http://uk.mathletics.com/signin/>

Mountains in numbers! What are the highest mountains, in the world?

What is the tallest plant in the world?
