

Curriculum news Summer 2

Greetings from sunny Ancient Greece. Last term we enjoyed pot making classes, exploring the vast architecture that Greece has to offer such as the Parthenon and even writing our own myths. This term we will be exploring food and fashion. In RE we are comparing world views and in PHSCE we are starting our SRE unit. We have been working hard to develop our independence as learners this term in preparation for the expectations in year 6.

From
Year 5, Peacocks class

TO:
Parents &
Carers
